A Partnership of Business and Industry Services

If you have a disability and need accommodations, please contact Frank Pait, Counselor for Students with Disabilities at 327-7000, ext. 4222 or at accommodations@cvcc.edu at least 72 hours in advance to allow time to arrange the services.

MANUFACTURING ACADEMY

The Manufacturing Academy is a 11-week program at Catawba Valley Community College. It is designed to prepare students for a career in the manufacturing industry. Companies are looking for qualified job candidates who demonstrate a commitment to develop the skills necessary for a career in manufacturing.

Training includes manufacturing fundamentals, problem solving, teamwork and communication, lean manufacturing, math and measurements. In addition, students will complete the OSHA 10 course and MSSC Safety Awareness credential requirements. Students will tour manufacturing sites as well as multiple opportunities to interact with local employer representatives.

February 4 – April 10

Monday – Thursdays | 5:30 p.m. – 8:30 p.m.
