ABOUT YOUR JUDGE:

MELANIE REEVES ~ Korsvig

I have had Siberian Huskies for just about 20 years. My first Siberian was from Linsea lineage, Linda Searl fo Dorset, Badger taught me an awful lot about the breed, and I instantly fell in love with them and my great passion for the breed then began. I was very fortunate to have been pointed in the direction of Sonia and Nigel Richards of Zalsen affix by Chris Grizbrook (then Barry). They had some lovely examples of the breed and did very well in the show ring and lightly worked their dogs. I was very lucky to have more than a few very nice Siberians from them, Zarran, now 13 years old, gave me my first stud book number, winning the DCC at Paignton in 2008 which actually was both our first Championship shows. Zerrans litter sister and my foundation bitch Willow, a real quality bitch, also did well in the show ring and gained her rightful Champion status in 2012. Willow was an amazing command leader on my team for many years, great drive and working attitude... I am still very much lost without her ... From her came my first litter and my Affixes first Champion, Cooper, owned by Christine & Steve Biddlecombe, who excels in harness as does all his siblings. I enjoy working my dogs in harness, this is where they are most happy, on the trail ... so this is the attitude I want in my Siberians, drive., an even temperament and of course above all the construction to be fit for function Thanks must go to all the great Siberian specialist we have here in the UK for keeping our beautiful breed true to it's original purpose, and passing on their knowledge to the next up and coming guardians of this breed.

FIONA DEVLIN

Firstly, I would like to thank the SSHC Committee for the honour of judging at their Club show.

I have been in the breed for over 17 years – I first started showing in 2002 with my first Husky Sunset Rose of Erifdere (Hera) at the SSHC Open Show. I met so many wonderful people with In-Depth knowledge of the breed giving advice on showing and running harness.

I got the showing bug and attended Opens shows on an almost weekly basis where I first met the Webb family who took me under their wing and introduced me to training and working Hera. I took a litter from Here with Blackwaters Mist at Ceannabeinne which produced Erifdere Silver Arrow at Lasinski owned and shown by Susan Livingstone making her up to Champion and Erifdere Moonlight Show of Kulazice gaining two RCC and excelling in running.

It started the annual cycle of showing in the summer and running training in the winter it became a way of life – continually learning about the Breed standard and its importance in both working and showing Huskies. By attending Breed seminars and Kennel Club accredited courses put on by the SSHC, this further enhanced my understanding and continuing education on our wonderful breed. I am looking forward to my appointment and meeting some lovely dogs.

DOGS IN VEHICLES ON HOT DAYS

Your dog is vulnerable and AT RISK if left in a vehicle in high temperatures and even on Days considered as slightly warm.

If your dog is found to be at risk forcible entry to your vehicle may be necessary without liability for any damage caused.

SOFT CRATES

The Kennel has asked that we draw your attention to the potential health and safety implications concerning the use of soft crates as in its view, they do not offer sufficient protection to dogs. They have asked that we point out that dogs should not be left unattended in soft crates. There have been instances where dogs have escaped from soft crates which have not been securely fastened to benches, or that have been left at the ringside.

We therefore ask that if you use soft crates, you do not leave the dogs unattended either in the hall, or in an open car in the car park.

IDENTIFICATION OF DOGS

It is now a Kennel Club requirement that exhibitors display the exhibit/bench number on their crate, cage or container at all times. This is particularly important when cages, etc are not on benches, and at unbenched open shows.

Each exhibitor is responsible for providing their own crate or cage identification and should note that the original exhibit/bench number card, as provided by the show society, must not be used for this purpose.

This requirement follows a meeting of the Show Executive Sub-Committee's Benching Working Party, where it was agreed that it is important to be able to contact exhibitors and identify dogs where a dog may be in distress or where the crate might be blocking a passageway.

At benched shows soft crates may only be put on benches if they are the appropriate size for both the dog and the bench, and the crate can be securely attached to the bench.

Both of these points have been introduced with the safety of all in mind, but most important that of the dog, and to minimise the potential incidents and injuries.
