

# RESOURCES AND SUPPORT WHEN IT'S NEEDED MOST

Down Syndrome Diagnosis Network (DSDN) is an internet-based group focused on supporting families around the country at the time of diagnosis.

DSDN provides these free programs and services:

- *Small, private, Facebook groups to connect with other moms with a child with Down syndrome born in the same year*
- *A small, discreet prenatal diagnosis support group on Facebook with moms who are currently pregnant with a child with Ds*
- *Up-to-date information and facts about Down syndrome on our website*
- *Resources and articles relevant to family with younger children with Ds on our Facebook page*
- *Free Access to nearly 100 diagnosis stories (prenatal and birth) from the book {Unexpected} [missiont21.com](http://missiont21.com)*
- *Professional recommendations for delivering a Down syndrome diagnosis*

Please contact us via Facebook or our website to connect into a group or request brochures.
