Lugar de postulación y documentación a presentar:

You can fill in the EDUFI Fellowship application form in Finnish, Swedish or English. The application form comes with instructions on how to fill it and a list of required annexes.

Please post the signed form and annexes by e-mail to:
Kirjaamo(at)oph.fi

Application

Applications should be submitted on the attached EDUFI Fellowships application form, which should be filled in electronically, printed and signed. You can move from field to field using, for example, the tab key. Use your mouse or the space key to select the appropriate option. Open text fields should be filled in the section appearing in grey. Please remember to save the form on your computer before filling it in! The application can be made in Finnish, Swedish or English.

Two copies of the application with required attachments should be submitted to the following address: Finnish National Agency for Education (EDUFI), P.O. Box 380, 00531 Helsinki. Please mark the envelope with “EDUFI Fellowships”.

The following attachments are required:

1. Applicant's motivation: take no more than one page to present the motivation for the proposed cooperation, its significance to the host institution, the background for the cooperation and a short description of the research environment. You should also explain the commitment of the host institution to the project and its possible financial support to the scholarship holder, especially if your application is for less than €1,500 per month. A preliminary plan for subsequent funding of proposed research will be required in case the application is submitted in order to begin a doctoral dissertation in Finland (or to continue a doctoral dissertation at its early stages).
2. Complete CV of the scholarship candidate, which should include, for example, any previous visits to Finland, qualifications (a Master's degree is a minimum requirement) and publications.
3. Research plan (3 to 5 pages, including an introduction, objectives, work

plan/work methods, expected results and their possible applications, as well as most relevant references. If the proposal is part of a larger project, the candidate's role should be described in the research plan.

Reporting

The aim of the EDUFI Fellowship is to help make Finnish research and teaching more international and to build networks between Finnish and foreign universities. Final reports allow us to monitor the impact of the fellowships.

In your report, you will be asked to list the main results of the fellowship period and to describe how the objectives for the fellowship were achieved.

Please submit the report within a month after the end of the fellowship.

Please use the online reporting form:

Ofrecimiento N° 2135.1

Nombre ofrecimiento: Scholarship programmes for Doctoral-level studies in Finland

Información específica: The fellowship grant is intended for post-graduate studies as well as research and teaching cooperation in Finnish universities in all fields of study.

We will award the grant

- for starting work on a doctoral research project if the whole doctoral thesis

will be completed in a Finnish university. You cannot apply for the grant at the end of a research project or for post-doctoral research.

- for completing a double degree in Finland.
- for a study visit for post-graduate students working on a doctoral thesis in a university outside Finland, if there are particularly compelling reasons for the cooperation.

The fellow must work in Finland but is allowed to make conference visits abroad. If the fellowship period is longer than six months, it can include short visits abroad to gather research material, if needed, in addition to conference trips. These visits in total cannot exceed one month.

If more time will be needed for gathering material during the EDUFI Fellowship, the fellowship grant can be applied only for those periods during which the fellow will be working in Finland.

Application deadline: rolling deadline. You should apply for the grant five months before the start of the fellowship.
