

Dear Sir or Madam,

On behalf of Island View Casino Resort, I am writing to sing the praises of The Beverly Belles.

I hired The Beverly Belles and their band in May 2017 for a 90-minute USO style show and having never seen them before, was not sure what to expect. My guests were absolutely thrilled with their performance and our patrons have been raving about them ever since. Because of this positive response, I had no hesitation in my decision to re-book them for a Holiday show scheduled for this December.

From initial contact with their Booking Manager, and Stage Manager/Technical Director, to the night of the performance, the group was extremely organized, and very communicative which made for a streamline, almost effortless production. The singers and the band brought a variety of gorgeous custom costumes and vintage style bandstands that really transformed our stage, taking you right back to the era of the USO Clubs and The Andrews Sisters.

All of The Belles are extremely charming and dynamic performers with amazing voices. The songs are performed with vocal precision and fabulous choreography too! During our program, they surprised us by recognizing each branch of military personnel in attendance and really went out of their way to make our service men and women and all our patrons feel special.

Obviously, I was quite impressed with their talents and could go on for another few pages. But the bottom line, I encourage you to book their show. The Beverly Belles come with my highest recommendations. Personally, I cannot wait to see their Holiday show!

Best regards,
