Dear Parent/Carer

**Future Pathways - Information Evening for Parents and Senior Pupils:  
Wednesday 22 August 2018, 7.00pm-9.00pm**

Each year large numbers of our pupils leave at the end of S5 and S6 to take up college or university courses. Many take the traditional route into higher education, while an increasing number are achieving qualifications through newly created apprenticeship schemes.

To achieve one's goal, regardless of the route, it is essential to ensure that the decisions made in the coming months are based on the most up-to-date information. It is vital to be aware of the variety of options available in order to fulfil a particular ambition; the aim of this evening is to provide information about these options and how best to support pupils through the application process and transition into higher education.

As such, we have invited a number of speakers from different establishments (please see overleaf) to deliver brief presentations, offer advice and answer questions. Our Careers Advisor, Avril Addison from Skills Development Scotland, will also be on hand in the library to answer any specific questions you may have about routes into particular careers.

**I would emphasise that this evening will be most helpful for those intending to leave at the end of this session and we recommend that parents and sons/daughters attend together.**

We look forward to seeing you on Wednesday the 22nd of August.

Yours sincerely
