Wow we have been busy. Disco's, Science fair and Matariki. It has been great to see the time, effort, energy and creativity our staff and students put into these events.

ERO—we have received our draft ERO review and we are very pleased with the positive observations they have made about our School. Once the BOT has approved this, ERO will publish it for everyone to read.....and celebrate.

Meeting family and Whanau—It has been lovely meeting parents and caregivers at school events or when you have made time to meet me. Once our base school renovations are completed, hopefully we have more space for family to come in for events and training opportunities.

Term 3 Arts Focus—Pasifika Arts. We would love your input and ideas. If you have skills or knowledge you want to share, or know of community organisations that could help us please let your child's teacher know.

Gill Hedley, Principal

There is a range of amazing Interacting Community classes for young people with a disability in performance related skills. These include drama, Hip Hop, film making and wearable arts. These classes are during term time and are a great way to make friends, build contacts in the community and have fun. Work that is created in the classes goes on to be performed or presented at the Disability Arts Festival Interact which runs every October at Corban Estate Arts Centre. For more information, check out www.interacting.org.nz & <https://www.facebook.com/InteractingTheatre/> OR you can phone Paula on (09) 849 5595

Rosehill School became a KidsCan school this year. KidsCan provide free raincoats and shoes to students who need them. They also provide some food so there is always something to eat for our students. Most of our students now have a black Kids-Can raincoat and some have black KidsCan shoes. If your child has been given a raincoat or shoes, these items are only for their use and should not be used by or given to other family members. This is part of our agreement with
