News from around our school

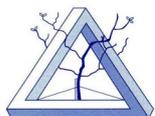

FROM THE PRINCIPAL'S DESK—Not Really

March 2016

On Wednesday last week I had the pleasure of going to Goat Island with the students from Te Ara Poutama (TAP). It was great to see our young adults in a different environment. The growth in the students from school to tertiary centre was obvious. The curriculum at Te Ara Poutama certainly prepares these young adults for life after school.

TAP News: A group of three of these students are successfully flatting with support. A group from TAP are contracted to cater for the BOT meetings each month which is always a great meal. In Term 2 this year we are partnering with Manukau Institute of Technology (MIT) to offer courses at TAP for both our students and other ORS students from local schools.
