

PREMIUM EXHAUST DESIGN & FABRICATION

Introducing a super-lightweight slip on from GF Moto which will set your bike apart from the rest.

GF MOTO TITANIUM SLIP ON

BMW S1000RR 2015-2016

£645 inc VAT

The GF Moto BMW S1000RR slip on exhaust measures 335mm in length and has taken inspiration from Moto 2 and Moto GP designs, resulting in a stylish, more refined and lighter alternative to the stock end can.

Hand-made from Titanium and featuring a GP style gravel catcher, GF Moto slip ons have a distinctive look and sound that will enhance the look of your bike.

Each GF Moto slip on is hand-made using the same precision welding techniques employed within our F1 work.
