Our services and charities

All Lions Clubs support international and their state Lions programs and objectives. Oregon state Lions support the Oregon Lions Sight & Hearing Foundation and Lions VisionGift eye bank, organizations that provide sight and hearing research and services to all those in need, most without cost or at nominal expense to the patient. Forest Grove Lions Club also:

- Provides Community Service awards for Pacific University College of Optometry students and supports the Amigos as they provide eyeglasses to needy people throughout our state and in other countries.
- Provides local businesses opportunity to display the US Flag on 10 annual major holidays through the Stars & Stripes Flag Program.
- Supports local youth sports, the Library Foundation, Forest Grove Senior Center, Adventures Without Limits and Gales Creek Camp.
- Supports sight conservation and hearing loss prevention and correction efforts of Lions Mobile Screening Unit, the Hearing & Speech Institute, and Pacific University Sight Fund.
- Partners with Adelante Mujeres Chicas in streambed restoration and other environmental conservation projects.
- Conducts annual fundraisers for support of Oregon Lions Sight & Hearing Foundation.

Forest Grove Lions Club meets every Thursday, noon–1 pm at Forest Grove Tuality Hospital 1809 Maple Street
Please join us for lunch
We’re a group of your community-minded neighbors dedicated to helping those in need and making our neighborhoods and the world a better place to live.

Our members are men and women of varied occupations, interests, skills and ages. Our diversity gives the club a wealth of experience and knowledge with which to develop community programs.

Our primary goal is community service, but we have a lot of fun, too! Member interaction in our service events, fundraising projects and social activities adds to the pleasure we derive from our local Lions Club.

Each week, the group holds fun, relaxing, unimpressing meetings where invited speakers from the community and around our local area share their professions and charitable causes. We invite you to come and see for yourself what being a Lion is all about.

Every Lion accepts responsibility to their community and supports their club in all its projects. We desire to contribute to the betterment of others and give freely of our time, ability and knowledge to search out ways of helping those less fortunate. In return, we enjoy a sense of fellowship, friendship and brotherhood, and the knowledge that what we do makes a difference! Being a Lion means an opportunity to serve our community, state, country and the world.
