# SOUTHEASTERN ANGIOGRAPHIC SOCIETY

Since 1974

*Presents*

## IR Strong: SEAS 2018

**October 24-27, 2018**

**The Martha Washington Inn & Spa  
Abingdon, Virginia**

Endorsed by

The Southeastern Angiographic Society (SEAS) was founded in 1974 by a group of radiologists who were primarily involved in catheter angiography. SEAS is incorporated in the State of Georgia and now has members from all over the Southeast. Although the Society was established primarily to provide continuing education for physicians engaged in angiography the founders recognized a responsibility to educate the medical community. As the practice of Vascular and Interventional radiology evolved over the past 40 years, so has the content of the SEAS annual meeting.

# GENERAL INFORMATION

With the wide range of Interventional Radiology procedures, private practice and academic IR practitioners come together to discuss research, techniques, and devices. With an emphasis on patient selection, increased success and decreased complications, this meeting focuses on improving outcomes and advancing IR.

## OBJECTIVES

The meeting encourages active interaction between attendees and faculty. This results in a highly collegial exchange of information and provides the opportunity to share ideas and solutions to simple and complex issues, bringing attendees up to date on new and innovative technologies.

At the conclusion of this activity, participants should be able to:

- Discuss the broad spectrum of procedures performed by Interventional Radiology.
- Express the importance of evidence based medicine and quality of life measures as they relate to IR procedures.
- Be familiar with the latest IR Technologies and Techniques.
- Have a greater understanding of the clinical parameters surrounding patient selection and potential pitfalls for a variety of IR procedures.

The Southeastern Angiographic Society is open to any physician who practices Interventional Radiology. We have a strong commitment to education, and offer scholarships for free meeting registration attendance to IR trainees.

## ACCOMMODATIONS

*The Martha* has lived many colorful lives. Originally built in 1832 as a private residence, she later became a finishing school for young ladies. As the Civil War crept into Abingdon, *The Martha* served as a hospital. After the war, she was converted to a women's college. In 1935, *The Martha* transformed yet again, this time into an elegant 4 Star Hotel providing those modern amenities expected by today's traveler amid the genteel elegance of period antiques and furnishings!

During your stay there are many wonderful attractions within the hotel and surrounding areas that will enhance your experience. Take advantage of many complimentary services; light breakfast, wi-fi, evening port wine, salt water pool, jacuzzi and morning paper.

Don't forget the Sisters American Grill, The Creeper Trail Express, Veda Spa, Fitness Facility and the Barter Theatre.

Individual registrations should be made by calling *The Martha* at 276-628-3161 and identify yourself with the SE Angiographic -SEAS Room Block.
