AM-ONE AWARDED BEST INNOVATIVE CLIENT SOLUTION AT THE WEALTHBRIEFING SWISS AWARDS 2018

AM-One, a new one-stop-shop outsourcing solution for start-up and smaller asset managers was crowned 'Best Innovative Client Solution' at the 5th *WealthBriefing Swiss Awards*, held at the Hotel President Wilson, Geneva on February 8, 2018.

One of four firms to be shortlisted in the Innovative Client Solution category, the triumph is an important milestone as AM-One nears its first year anniversary offering comprehensive and affordable outsourcing solutions.

Showcasing 'best of breed' providers in the global private banking, wealth management and trusted advisor communities, the awards are designed to recognise companies, teams and individuals which the prestigious panel of judges deemed to have 'demonstrated innovation and excellence during 2017'.

Commenting on the firm's triumph, Dominic Greenwood, AM-One Head of Business

Development, said: "We are delighted to have been voted the winner of this prestigious award. It is a validation of AM-One, which was launched in May, 2017 and provides start-ups and smaller asset managers with access to award winning Expersoft PM1 software and compliance, back office, implementation, and consultancy services at an affordable price. It is a true testament to the hard work and vision of our team and our partners."

ClearView Financial Media's CEO, and Publisher of *WealthBriefing*, Stephen Harris, was first to extend his congratulations to all the winners. He said: "The firms who triumphed in these awards are all worthy winners, and I would like to extend my heartiest congratulations. These awards were judged solely on the basis of entrants' submissions and their response to a number of specific questions, which had to be answered focusing on the client experience, not quantitative performance metrics. That is a unique, and I believe, compelling feature. These awards recognise the very best operators in the private client industry, with 'independence', 'integrity' and 'genuine insight' the watchwords of the judging process - such that the awards truly reflect excellence in wealth management.
