7:00 PM					

NOTES

Concert Blocks- Each group has a max time of 10-12 minutes with a 3-5 minute transition between groups. Be backstage on deck one group before you sing. Performances in the order listed above.

Mic numbers need to be Bass lowest, up to you highest voice in number. Make sure everyone in your group knows their mic number to make the transitions between groups quick and easy.

All classes will be approximately 50 minutes long to allow time to travel to the next session, and take breaks.

You won't be able to attend everything. Divide your group up and share what you learned later!

Clinics are 25 minutes long. It's ok to walk into a class late or leave early if you are going to a clinic. Some classes are offered twice to give you an opportunity to attend.
