potential for over 30 years

High Hopes Development Center

offers a specialized and focused approach to serving children utilizing two programs.

The Preschool at High Hopes

and

The Therapy Clinic at High Hopes

*The mission of **High Hopes** is to equip children and youth with the skills necessary to achieve success through education, rehabilitation, and loving support.*

The Preschool at High Hopes

provides early childhood education and childcare in an inclusive environment that equips children with the confidence to explore and try new things.

- Typically-developing children make up 60% of the preschool enrollment, while 40% have a diagnosed special need
- Low pupil-to-teacher ratios
- Highly-skilled and experienced educators with advanced training
- Large, child-friendly classrooms
- Adaptive curriculums to challenge children of all levels
- Standardized assessments administered to ALL students to measure success and establish developmental goals
- Three unique playgrounds provide fun, safe, secure, and accessible spaces to enhance developmental experiences

The Therapy Clinic at High Hopes

provides exceptional Physical, Occupational, Speech, and Feeding Therapy for children from birth to age 21.

- Therapists average 14 years of specialized pediatric experience
- Therapy staff communicate with parents and healthcare team members to ensure quality and consistency of care
- Three large treatment gyms rich with state-of-the-art therapy equipment
- Multiple small treatment rooms for parent observation and consultation
- In-network therapy provider for most major insurance companies
- Vendor for State of TN Early Intervention program - TEIS
