

CHANGE IS ON THE HORIZON - ST GERMAIN'S WORLD TRUST

The story of how this change will occur, takes us back to Tudor England. There was an enigmatic character by the name of Saint Germain. He learned the secrets of alchemy by studying ancient esoteric knowledge into the occult he was literally able to turn lead into gold, rocks into diamonds, and later was able to transmute his mortal body into an immortal angel conquering death itself. With his "elixir of life" and positive thinking he never aged at all.

According to Germain "It is the activity of our nerves, the flame of our desire, the acid of our fears, which daily consume our organism. He who succeeds in raising himself above his emotions, in suppressing in himself anger and the fear of illness, is capable of overcoming the attrition of the years and attaining an age at least double that at which men now die of old age."

Comte de Saint Germain

"A man who knows everything and who never dies," - Voltaire

Comte de Saint Germain was noted for rubbing elbows with the monarchies. Many of which commented on his elaborate shoes studded with \$40,000 diamonds and pearls. No one knew the source of his income. Then around 1727 he shared his secret money making techniques to certain German bankers in hopes that they would use the money to help humanity. Using his techniques, they along with the monarchies choose to squander the money for themselves. Even to this day, these bankers have continued to keep this knowledge secret.

Eventually Saint Germain realized the money was never going to be used for benevolent purposes so he pulled his money out and in 1729 he put it into his own "World Trust." At the founding of the trust it was stipulated that this money would be released in the year 2000.

Bank Roll Programs

Around the turn of the century, the children of robber barons, and "banksters" began to see the error in their parent's evilness and their use of wealth. These 100 children are known as "wealthy visionaries". Together they invested some of their families' money into secret money roll programs, to be used for humanitarian purposes.

The bank roll programs, allow wealthy investors to make insane profits by ripping off the assets and resources from third world nations. The profits from these programs are utterly astronomical as monthly returns can be in excess of 1:100,000 and 1:500,000. The name "roll programs" comes from a method of rolling money over and over in short periods of time. At the end of each cycle investors then reinvest or "roll" the principle and interest earned over into the next cycle. In the late 1990's the bank roll programs finally ceased.

Money earned from these bank roll programs became known as the "Prosperity Programs" Over time the programs were secretly opened up to small investors so that one could invest as little as one hundred dollars at a time. These small amounts were handled by trustees, who collected the money and kept records, and combined the small investments into the large amount, let's say, one million dollars that was required in order to enter a "roll".

The news of these programs spread by word of mouth and especially via multi-level marketers. Thousands

under the control of designated program trustees. Again, there are 4-5 trustees per trust or some 350 persons who must sign documents to activate these trusts. Some examples include Bergevene, SBC, ITI, Savage, Morgan, Omega, and Freedom. **The largest trust is Freedom and it must be funded first. It is these trust's that hold the wealth from the enlightened robber baron children.**

Then finally the funds will be released to the common man.

As the funds pass through each trust, the trustee must use only certain designated "safe" banks and sign the proper documents with only certain designated banking personnel at those banks. Should this process be activated and then be stalled by deceitful bankers, deceitful trustees, etc. and the deadlines for funding to reach certain trusts are not met, the funding window is then closed. This is the problem members of the Bush family are blocking the release of these funds.

NESARA

Change is on the horizon, and it begins with NESARA.

There is much disinformation on the Internet pertaining to this law. Sources such as quatloos.com which is a CIA front, nesara.org which is owned by the Bush family, the 33rd Zion Lodge, the NSA, Sherry Shriner, and various Internet channeling's straight out of CIA Langley have been spouting much disinformation and confusion on the subject.

The information on the Wikipedia even has its facts wrong.

Wikipedia gives you the history of Harvey Barnard NESARA law. If you look closely this law it stands for National Economic Stabilization and Recovery Act, which would reform the economy and replace the income with a national sales tax.

This law was rejected by congress in the 1990's. However there is another NESARA law on the books.

This NESARA, stands for the **National Economic Security and Reformation Act**. It's the most ground breaking reformation to sweep not only this country but our planet in its entire history. The act does away with the Federal Reserve Bank, the IRS, the secret government, and much more.

History of NESARA

To understand NESARA's origins we must go back to the early years of the American Republic. Ever since England lost her most prized jewel the "American Colonies," the royal crown was looking for ways to take back what was once theirs. The pioneers of our new republic knew the threat that faced the young nation. To ensure its survival a nobility amendment was passed to prevent anyone who had loyalties to the crown from holding public office. The 13th Amendment was approved by congress and the House of Representatives in 1810. It was ratified by all the necessary states into law on March 12, 1819. It reads as follows.

13th Amendment

If any citizen of the United States shall accept, claim, receive or retain, any title of nobility or honour, or shall, without the consent of Congress, accept and retain any present, pension, office or emolument of any kind whatever, from any emperor, king, prince or foreign power, such person shall cease to be a citizen of

the United States, and shall be incapable of holding any office of trust or profit under them, or either of them.

This amendment was unacceptable for the British crown because this would essentially cut off all meddling into the affairs of the new republic's government. It would also mean anyone who is a member of the BAR (Lawyer) association would not be allowed to hold public office. Remember the B.A.R. is short for the British Accredited Registry. This amendment is technically still in effect today and therefore all the laws that have been made by lawyers remains unconstitutional, as they are not allowed to be US citizens.

This is why England fought in a war with us in 1812. Washington D.C. was burned to the ground and the original documents which proved this was indeed a law were destroyed. The British monarchy knew the American people would never tolerate British rule again, so they offered back the republic to the people with one exception, the 13th amendment was to be removed from the constitution. Nearly 200 years have now since passed, we have been conquered and yet we don't know it.

Then we had the civil war which was really about the Rothschild family trying to gain control of the south's cotton industry. Then we had the Federal Reserve Act of 1913 which put America into slavery. Finally in the early 1990's we started to see a change.

NESARA

The beginnings of NESARA takes us back to the early 1970's when the banks were foreclosing on farmers mortgages all over the United States. The Willie Nelson "Live Aid" concerts were one of the fund raisers that helped these farmers. The farmers soon realized the banks were not only charging exorbitant and illegal amounts of interest, but they were illegally foreclosing on their homes.

When these farmers began to seek legal action against the banks they soon realized that the government and banks were working in collusion with each other. So in the early 1990's, they sought the help of the Farmers Union and did in depth research on all the banks illegal activities. A series of lawsuits were initiated against the banks and the government. Over 336,000 Farm Claims filed for fraud against the U.S. Federal Government with an average of \$20 million dollars per claim. This amounts to \$6.6 trillion total.

In retaliation the banks and the government sent the IRS against the farmers. When the farmers realized they were being unfairly targeted by the IRS they began looking for ways to fight back. They requested help from military generals such as General Ray Swasinger, to sit in the court room to ensure the bribed judges would vote according to constitutional law.

These court cases ran up and down various state and federal courts from 1970's till the 1990's. Then in 1992-1993, the farmers appealed their case to the US supreme court. Almost unanimously the U.S. Supreme Court Justices ruled that the Farmers Union claims were VALID and that the U.S. federal government and the banks had seriously defrauded the farmers, and all U.S. citizens, out of vast sums of money and property. Furthermore the court ruled the shocking truth that the IRS and the Federal Reserve were unlawful, that the income tax amendment was never ratified by the US states, and that the US government had illegally foreclosed on farmers homes with the help of federal agencies. Irrefutable proof of such was presented by a retired CIA agent. He provided testimony and records of the banks illegal activity, to lead further evidence that the Farmers' Union claims were legitimate.

The Justices recognized that to remedy this situation, massive reformations would be required.

Now, when rulings are made by the U.S. Supreme Court, one or more Justices are assigned to monitor the progress on how the rulings are carried out. In this case, five Justices were assigned to a committee to develop steps to implement required government and banking reformations. As the Justices went about developing the required reformations they enlisted the help of experts in economics, monetary systems, banking, Constitutional government and law, and many other related areas. The Justices built coalitions of support and assistance with thousands of people worldwide; these thousands of people working to bring us NESARA have been named "White Knights".

This term "White Knights" was borrowed from the world of big business hostile takeovers. It refers to how a vulnerable company is "rescued from a hostile takeover by a White Knight" corporation or wealthy person. This term is a most accurate term for these "White Knights" are working behind the scenes to stop the madness.

After the trial, the damages process name was changed to Bank Claims. From 1993 through 1996, U.S. citizens filed Bank Claims against the banks and the federal government through the U.S. Treasury Department to obtain payment for the damages as specified by the U.S. Supreme Court. (This process CLOSED in 1996.)

Gag Order

Due to the ground breaking changes required, an extremely strict gag order was placed on everyone, directly involved and the court case records. Anyone who broke this gag order would receive the death penalty. Furthermore all court records where sealed until after all the reforms are completed. To maintain this secrecy, the case details for the docket number assigned to the Farmers' Union case were changed.

As a result doing a search for this case will fail to reflect the correct information until after the reformations are made public.

At every step of the process, anyone directly involved has been required to sign an agreement to keep the U.S. Supreme Court's process of implementing the required reformations "secret", or face charges of Treason which are punishable by death. This gag order was placed on all media personnel, government officials, and bank employees. This is why Alex Jones or TV news anchors will not talk about this on air. Nor will Wikipedia tell you the truth behind the law. Nor will Sherry Shriner who is nothing more than a CIA stooge. Minnesota Senator Paul Wellstone, was about to break the gag order, but before he could his small passenger plane crashed killing his wife, daughter, and himself.

Accords

To implement the required changes, the five Justices spent years negotiating how the reformations would occur. These agreements, known as "Accords" where made with the U.S. government, the Federal Reserve Bank owners, the International Monetary Fund, the World Bank, and with numerous other countries including the United Kingdom and countries of the Euro Zone.

The U.S. banking system reformations require the Federal Reserve Bank system be absorbed by the U.S. Treasury Department and the banks' fraudulent activities stopped. Plus remedies will need to be made to U.S. citizens for past harm due to fraud. The U.S. banking reformations will impact the entire world and therefore the IMF, World Bank, and other countries had to be involved.

As the years began to pass, the military generals who originally helped the farmers soon realized that the

government had no intentions of implementing the "Accords." So, the Justices authorized the reformations be put into the form of a 75 page document known as the National Economic Security and Reformation Act (NESARA).

NESARA implements the following changes;

1. Zeros out all credit card, mortgage, and other bank debt due to illegal banking and government activities
2. Abolishes income tax
3. Abolishes IRS; creates 14% flat rate non-essential "new items only" sales tax revenue for government
4. Increases benefits to senior citizens
5. Returns Constitutional Law to all our courts and legal matters.
6. Establishes new Presidential and Congressional elections within 120 days after NESARA's announcement
7. Monitors elections and prevents illegal election activities of special interest groups
8. Creates new US Treasury currency, "rainbow currency," backed by gold, silver, and platinum precious metals
9. Initiates new U.S. Treasury Bank System in alignment with Constitutional Law
10. Eliminates the Federal Reserve System
11. Restores financial privacy
12. Retrains all judges and attorneys in Constitutional Law
13. Ceases all aggressive, US government military actions worldwide
14. Establishes peace throughout the world
15. Initiates first phase of worldwide prosperity distribution of vast wealth which has been accumulating for many decades. Every American citizen over the age of 21 will receive \$100,000 a month for 11 years. The law requires that the farmers claim to be paid first before the general public receives funds. Remember, these funds will come from the Level 5 Trust, bank roll programs.
16. Releases enormous sums of money for humanitarian purposes
17. Enables the release of new technologies such as free energy devices, pollution cleanup, and sonic healing machines.

This law was passed secretly on March 9, 2000 by Congress. It was voted on by seven members congress, which were the only ones constitutionally allowed to hold office. This is because the nobility amendment prevents anyone with ties to the crown from holding office.

Plus, NESARA requires all congress members to resign immediately, so all the corrupt members of congress refused to vote. From its very inception Bush Sr., the false congress, and major bank houses, and the Carlyle group opposed NESARA. Secrecy was maintained by revising the official congressional registry. The details of the bill number for NESARA were revised to reflect a commemorative coin and revised again more recently.

Our members of congress will not tell us any of this because they have been ordered by the U.S. Supreme Court Justices to "deny" the existence of NESARA or face charges of Treason punishable by death; and some members of Congress have actually been charged with "obstruction" and threatened with Treason charges. Therefore, all members of Congress pretend that NESARA has not been passed in order to comply with the Justices' gag order. This why there are no public Congressional Records!

The unelected cloned President Bill Clinton and his puppet masters had no interest in signing NESARA into law. So, the military generals enlisted the help of the elite Naval Seals and the Delta Force. Together they stormed the White House and under gunpoint forced Bill Clinton to sign NESARA into law. This

occurred on October 10, 2000.

Before NESARA is announced to the public it is stipulated that the original farm claims must be paid out first with gold or precious metals backed currency as stipulated by the constitution. Therefore they cannot be paid in Federal Reserve notes which are not money anyway. The \$6.6 trillion is to be distributed in the form of ATM debit cards from the new gold back US Treasury system. This money will come from the bank roll programs originally set up by benevolent illuminati families. The only catch is to release these funds they must first be released by Goldman Sacs and Bank of America which are owned by the Rockefeller and Bush cabals.

To prevent the funds from being released the banking documents, which contains instructions on how to access the funds, are being transported 24/7 between warehouses in Charlotte, NC and Washington D.C. The drivers of these Fed Ex trucks are heavily bribed and many of are afraid of reprisals from the Bush family if they deliver their payload as required by law.

One time when these packets where returned to Washington D.C., Bush placed them under military guard. Federal judges ordered him to release the funds, G.W. Bush replied. "You will never receive these packages, they belong to me". The judge answered "I can do no more; he is President of the U.S."

The news media were called and refused to film the guards saying "He is the President and we are afraid of what he will do." (code for we also work for the Illuminati)

This has been going on for some time, so the IMF and World Bank got together along with the Rothschild family to set up a new global banking system backed by gold. This will ultimately kill the Federal Reserve System which is worthless fiat money. It was approved by congress on September 19, 2007. On October 19, 2007, at midnight the U.S. treasury of the Republic went on-line with the Global Banking System. The next step is announcing this to the public, but it's not an easy task to do.

Many powerful groups have tried to stop the announcement and implementation of the NESARA law. 18 months after NESARA became law, the Justices had the current Congress pass resolutions "approving" NESARA on September 9, 2001.

On September 10, 2001 George Bush Sr. moved into the White house to steer his son on how to block the announcement.

The next day NESARA was set to be announced at 10 a.m. EDT on September 11, 2001.

9/11 Attacks

Groups opposing NESARA arranged for the attacks to occur on 9/11 to keep NESARA from being announced.

Just before the announcement, Bush Sr. **ordered the demolition of World Trade Center to stop the international banking computers on floors one and two, in the North Tower from initiating the new U.S. Treasury Bank system.**

George Bush Sr. decapitated any hopes of returning this government back to the people. Despite the fact

the Bush family was to be paid off \$300 trillion dollars to cooperate with NESARA, they choose instead to maintain control over us.

Ultimately in the end the Bush's will end up with nothing.

Without a gold backed treasury system our country is headed to economic collapse, and eventual civil war.

Logistics of 9/11

We are all familiar with the official story of September 11th: Four jetliners were hijacked by groups of four and five Arabic men armed with box cutters, who flew three of the four jets into the Twin Towers and Pentagon. The World Trade Center weakened by the fires collapsed into piles of rubble. Later that afternoon, the 47 story Building 7, collapsed due to fire (a fact which most people are unaware of).

The FBI had compiled a list of hijackers within three days, and so it was obvious that Osama bin Laden had masterminded 9/11 from caves in Afghanistan. With that in mind there was no need to seriously investigate 9/11. The problem is when one investigates the conflicts of interest and red flags we find a long series of improbable coincidences.

It is standard operating procedure (SOP) to scramble a jet fighter whenever an airliner goes off course or radio contact is lost. Between September 2000 and June 2001, interceptors were scrambled 67 times. In 2000 jets were scrambled 129 times. The air traffic control system continuously monitors air traffic and notifies NORAD of all deviations. NORAD is responsible for monitoring, air and space traffic continuously, and is prepared to act immediately to threats and emergencies. It has the authority to order units from the Air National Guard, the Air Force and other armed services in pursuit of airliners in trouble.

With this in mind what would cause the massive breakdown in the chain of command?

According to the Pentagon, NORAD was conducting a mock terrorist drill on 9/11, this is why they were unable to scramble jets in time. This seems to conflict with Secretary of Transportation, Norman Mineta's testimony before the 9-11 Commission. He reports that at the time of the attacks both Dick Cheney and himself was in the Presidential Emergency Operations Command Center. Norman recalled an officer coming in every few minutes to question the Vice President if NORAD should continue to stand down and not shoot the airplanes out of the sky.

"During the time that the airplane was coming into the Pentagon, there was a young man who would come in and say to the Vice President...the plane is 50 miles out...the plane is 30 miles out...and when it got down to the plane is 10 miles out, the young man also said to the vice president "do the orders still stand?" And the Vice President turned and whipped his neck around and said "Of course the orders still stand, have you heard anything to the contrary!??"

The airplanes which flew into the twin towers were military aircraft as no normal 747 could maneuver the way they did. Remember the hijackers nearly flunked out of flight school, how are they able to maneuver an airplane in such a way even expert pilots could not. These planes were most likely flying using autopilot because all 5 planes had their black box in flight recorders turned off at the same time. The recorder is turned off when the Airborne Warning and Control System takes over the craft.

The Planes were controlled using the U.S. Air Force's "QRS11 Triaxial Remote Guidance System" called "JPALS." Essentially it's a "gyro on a chip." It uses GPS satellite technology and electronics implanted in

the Boeing aircraft allowing them to be controlled remotely.

The truth is the September 11th attacks were carried out using remote processes. It was planned out by a CIA unit of 100 people (Aquarius?) in August of 2001. This group carried out the attacks and staged the so-called cell phone calls purported to be from passengers on the commercial airlines by using voice impersonation technology and other remote technologies. This same CIA group also created the conspiracy story of 19 Arab hijackers, many of whom were either dead or in jail in the middle east.

As for the airline passengers on 9/11, they were probably gassed aboard their plane and then sent to either the Amtrak facility in Kansas City, Kansas or the FEMA crematorium in Terra Haute, ID to be incinerated.

Explosions in WTC

The official NIST's (National Institute of Standards and Technology) investigation is often cited as proving the theory that planes and fires caused the collapses. Yet the report fails to mention how the buildings could collapse due to fire without a historical precedent of any steel framed skyscraper collapsing other than a controlled demolition. In the entire report only two sentences in a half page section gives us hints as to what really happened. This troublesome issue is avoided by placing them outside the scope of its investigation, claiming that "global collapse" was "inevitable" after the "initiation of collapse."

A striking distinction of the World Trade Center collapse was the pulverization of the concrete into dust and gravel before it hit the ground. This can be seen in videos which show the towers mushrooming into vast clouds as they fall, leaving only twisted pieces of steel and no large pieces of concrete. While the building is collapsing you can see puffs of smoke exploding each floor out in a timed demolition. These puffs of smoke are called Sprites; which explode outward 10 to 15 floors below the rubble as the building collapses. This would suggest the detonators were on a timed circuit set to go off in a controlled manner.

This also explains why the building collapsed in a free fall. An unobstructed freefall using Newtonian physics would be 6 seconds. Logic would dictate as the building collapsed the floors below it would reduce the speed, however the World trade center collapsed in 7 seconds. All of this makes sense especially when you consider the testimony from the firefighters. They reported hearing bombs going off but the media ignored their testimony. Even Columbia Observatory recorded minute explosions on their seismograph, moments prior to the collapse.

William Rodriguez who worked as a janitor reported hearing explosions in the basement just moments prior to the airplane colliding into the world trade center. Hilary Clinton promised him a high position in her government if he remained silent about this. Instead he refused, even today the media continue to ignore and distort his testimony.

Prior to 9/11, no steel building had ever collapsed due to fire. There is no way Jet fuel could burn hot enough to melt the steel in the WTC, this is because steel melts at 2,700 degrees Fahrenheit, and Jet fuel burns at 1,800. Even if the beams buckled it wouldn't cause them to melt with the fire proofing protection. The truth is the fire burned around 700 degrees and was about to extinguish itself. This can be confirmed by the black smoke which occurs in an oxygen deprived fire. There is no way the fires could have burned as hot as the government claims especially when the videos show people sitting at the edge of the impact hole waiting to be rescued.

Furthermore, Steven Jones, professor of physics at Brigham Young University found that the rubble had evidence of evaporated steel, and thermite which is used in controlled demolitions. In order for steel to

evaporate it would require temperatures in excess of 5,000 degrees Fahrenheit. Even three weeks after the world trade collapsed their where still areas of rubble which were so hot fire fighters could not go near it. Maybe this explains why the government was so eager to ship all the "evidence", I mean rubble to China and South Korea. This was crime scene, and by removing the evidence the government violated crime scene laws. Oddly enough the company which was given the task to do this was none other than "Controlled Demolition Inc." Its funny thing you know with all this "heat." How come the terrorist's passports which linked Al-Qaeda to the attacks failed to burn in the inferno as claimed by the government?

So now the question is how did those explosives get into the building without anyone noticing it? On the weekend of 9/8 and 9/9 there was a 'power down' condition in the south tower. For 36 hours there was no electrical supply from the 50th floor and up. This would mean there would be no security cameras, security locks on doors. Maintenance workers reported seeing 'engineers' coming in and out of the building, and the sound of heavy objects moving around on floors which were supposed to be unoccupied. Even more red flags are raised when one considers the fact that bomb sniffing dogs patrols were halted on September 6, 2001. So who allowed this to happen?

Securacom (later renamed Stratesec) was responsible for the security of the WTC complex. Marvin Bush, G.W's brother was on the board of directors. Isn't it odd that he has never been investigated especially considering Securacom was also in charge of security for United Airlines, and Dulles International Airport, the same place where the reported hijackers boarded there planes.

Building 7

Building 7 was the third building to collapse on 9/11 according to the government fires leveled the building. The only problem with this is, fires have never leveled a steel skyscraper before. The team that investigated the collapse was kept away from the crime scene; by the time their report was published in May 2002 the evidence had been destroyed.

Building 7 had a number of fires of limited extent and unknown duration before the total collapse at 5:20 PM. Official reports assume the debris from the North Tower ignited the fire at 10:29 A.M. FEMA's report blamed the collapse primarily on fires, though it was inconclusive. NIST suggested it was cause by severe structural damage. However other skyscraper fires exhibited more extensive burns and longer lasting than Building 7, but none of these other buildings collapsed.

From the video evidence, it is clear building 7 collapsed in a controlled demolition type manner. Even the owner of the WTC complex, Larry Silverstein admitted to this fact in 2002 on PBS,

"I remember getting a call from the...fire department commander, telling me that they were not sure they were gonna be able to contain the fire. And I said, 'We've had such terrible loss of life. Maybe the smartest thing to do is pull-it.' And they made that decision to pull and we watched the building collapse."

Pulling is a term used in controlled demolitions. Now it takes weeks of planning and installation of detonators for a successful controlled demolition. How could all these detonators be conveniently in place unless Silverstein had foreknowledge the attacks would occur? Perhaps this explains why he bought a 99 year insurance policy worth \$7 billion months prior to the attack. The truth is the world trade center was loaded with asbestos. It would have cost much more than \$7 billion to take the building apart piece by piece to remove the stuff. So not only is it cheaper to do a controlled demolition Larry Silverstein made money from it too!

Buildings which were much closer to the World Trade center sustained more damaged yet did not collapse due to fire. So how is it that Building 7 which was two buildings away from the North Tower, developed these fires when it wasn't hit with a plane. Maybe this can be answered when we look at who has the most to gain from the destruction of this building.

The following are the prime suspects in the 9/11 collapse.

In WTC 7, the SEC was storing thousands of files related to pending Wall Street investigations on companies such as Enron and World-com. Conveniently these document were destroyed when the building collapsed. Other tenants in WTC7, include the IRS, CIA, Secret Service, FBI, and Department of Defense. Building Seven also served as the command center for the security of the entire WTC complex, which was headed by the President's brother, Marvin Bush, whose contract ended "coincidentally" on 9/11. It was also host to then Mayor Rudy Giuliani's Office of Emergency Management command center. This was built on the 23rd floor, in 1998 as a "bunker" for emergencies such as 9/11.

It had bullet and bomb-resistant windows, its own water and air supply, the ability to withstand 160 mph winds, and a full commanding view of the entire WTC complex. Interestingly, on 9/11 Giuliani didn't bother to put the center to use, even though that's what it was built for. He decided instead, to set up a makeshift command center down the street.

Isn't it strange that the official 9/11 commission report, choose to omit any reference to building seven. What else are they hiding from us?

What happened to the debris from flight 93 in Pennsylvania? It was mysteriously missing, with the only evidence left, a 15 foot hole in the ground. The truth is flight 93 was intended to hit Camp David. If you go to YouTube you can hear the actual sound bites from the new networks which announce flight 93 hit Camp David. Seriously folks, 9/11 was totally scripted that day. Camp David was targeted by our government because it was the anniversary of the "Camp David accords." Which was the 1978 Israeli-Egypt peace treaty, (Israel is actually a state within the United States so it's really the US-Egypt peace treaty.) By blaming the Muslims it would have given our government another excuse to bomb the Middle East.

Why was their no investigation in the put options on American Airlines stock? Why was members of the bin laden family flown out of the country on 9/11 when all other planes where grounded? Where did the missing \$700 million dollar stash of gold stored under the WTC complex disappear too? The questions go on and on. The government will not answer them because they are at fault. The whores in the media will not tell us the truth, as many of the major news networks have been paid off to lie to the American people. Its all about the money!

Pentagon

There is no way a 124 foot wide Boeing 757 airplane could fit into a hole 15-18 feet wide. So what hit the pentagon if it wasn't a passenger airplane? Unfortunately the government confiscated most evidence covering up what happened. After the impact, pentagon officials confiscated 80 video cameras which were focused on the pentagon, and eyewitnesses had to sign nondisclosure agreements. To date only one of these videos has been released and this video is only 4 frames. All we can conclude from the video is a blurry metal bogey of some sort hit the pentagon. It is safe to rule out a 757, because such a large aircraft flying at 450 mph would literally be torn apart from turbulence created while flying under 60 feet in altitude.

The truth is Bush ordered the destruction of the Pentagon building to prevent this country from returning

back to constitutional law. **Remote pilot technology was used to fly a small white private plane loaded with explosives into the Pentagon at the exact location of the White Knights in their new Naval Communications Center. At the time they were coordinating activities supporting NESARA's implementation nationwide.**

Al-Qaeda

Every time Bush says we are in a war against terrorism, the terrorists they are referring to are not Al-Qaeda, THE TERRORISTS ARE THE AMERICAN PEOPLE! Patriot Acts I and II will eventually take away basic constitutional liberties such as a trial by jury and search warrants. Furthermore anyone who tries to cash their refund from the NESARA trust funds are arrested under the Patriot Act and Homeland Security Gestapo. When one takes a closer look at the secret memos and executive orders the intent of the elite is clear. We are now living in a police state just like our Nazi leaders have always planned for us.

"He who trades liberty for security, deserves neither and will lose both." - Thomas Jefferson

The Bush family and the Bin Laden family are in fact best friends. They were both business partners in Saudi Oil and members of the Carlye Group. According to Patrick Bellringer, the Bush family was protecting Bin Laden. He checked into the Mayo Clinic in Rochester, MN prior to September 11, 2001 seeking medical treatment for his kidney problems. The hospital gave him and his family a floor unto themselves for privacy. He later died on December 26, 2001 from kidney (renal) failure and lung complication. The big lie by the US government is to keep the people believing there are terrorists out there to get us. It's hard to have a War on Terrorism, if there are no terrorists! Furthermore the media refuse to investigate how a dying man can survive on a dialysis machine in remote Pakistani caves for over six years.

When you analyze the video footage, the seismic data, and eyewitness accounts the government's conspiracy theory just does not make sense. This fictional story has given Bush an excuse to send the U.S. Military to Afghanistan, Iraq, and create Patriot Act I and II. Now you know why on 9/11, Bush Jr. sat in a classroom reading a children's book about a pet goat for seven minutes, as if this epic cosmic tragedy was no big deal.

Now our country remains at war and the media covers up the amount of body bags coming out of Iraq. Nor do they report the real death totals on 9/11. The actual death count is 30,700. No one questions the insanely small numbers given out by the government because New York City is a large place; people who have lost loved ones do not make contact with others who have died in 9/11. So they have no way of knowing how many truly died, especially when their government lies to them. The following death totals comes from the Pleiadian Commander in Chief Hatonn (more on who he is later.)

Casualties Report March 2003 till January 2007

Iraq War

U.S. soldiers killed 11,600

U.S. soldiers, war injuries 22,800

U.S. civilians killed 5,000
