American Bank Note Company

I CERTIFY THAT THIS IS A TRUE AND CORRECT COPY OF A CERTIFICATE OR DOCUMENT REGISTERED WITH THE VITAL RECORDS REGISTRY OF THE STATE OF LOUISIANA, PURSUANT TO LSA — R.S. 40:32 ET SEQ.

William H. Baulow
STATE REGISTRAR

WARNING: It is illegal to alter or counterfeit this copy.

When the UNITED STATES declared bankruptcy, pledged all Americans as collateral against the national debt, and confiscated all gold, eliminating the means by which you could pay, it also assumed legal responsibility for providing a new way for you to pay, and it did that by providing what is known as the Exemption, an exemption from having to pay for anything. In practical terms, though, this meant giving each American something to pay with, and that "something" is your credit.

Your value to society was then and still is calculated using actuarial tables and at birth, bonds equal to this \"average value\" are created. I understand that this is currently between one and two million dollars. These bonds are collateralized by your birth certificate which becomes a negotiable instrument. The bonds are hypothecated, traded until their value is unlimited for all intents and purposes, and all that credit created is technically and rightfully yours. In point of fact, you should be able to go into any store in America and buy anything and everything in sight, telling the clerk to charge it to your Exemption account, which is identified by a nine-digit number that you will recognize as your Social Security number without the dashes. It is your EIN, which stands for Exemption Identification Number.

Your Birth Certificate Was Made Into a Bond...it's Worth Billions! & Proof ALL of Your Debt is PRE-PAID!

Who knew, it says "American Bank Note Company" right there on our birth certificates!? I'm connecting so many dots today I think my head might start spinning around and puking green vomit, like the little girl in the Exorcist. Ok I'm sorry, that's gross. But that's how disturbing this stuff is. This type of awareness should not leave the reader feeling powerless, but em-powered. The reason this has gone on for so long is a direct result of our collective ignorance. I realize this stuff is not easy to believe and even harder to understand, especially to the newly awakened, and even more so to the still asleep. This is a quote I forced myself to memorize for this very reason: "A truth's initial commotion is directly proportional to how deeply the lie was believed. It wasn't the world being round that agitated people but that the world wasn't flat. When a well-packaged web of lies has been sold gradually to the masses over generations, the truth will seem utterly preposterous and its speaker a raving lunatic." – Dresden James

Is it starting to make sense now? Why it's not too far fetched to imagine the day when you will be able to walk confidently into your bank to legally, lawfully and ethically deposit some of YOUR value into your account? Why should we not be able to cash out a few billion dollars that we have created, backed by our labour, only to be stolen from us by the very people who claim to represent OUR collective best interests? The whole concept of \"energy harvesting\" is starting to make a whole lot more sense now, isn't it?

More about the Strawman in this article:<http://briankellysblog.blogspot.com/2013/07/the-story-of-your-enslavement-meet-your.html>

\"The birth certificate created a FICTION (the name of the baby in upper case letters). The state/ province sells the birth certificate to the Commerce Department of the corporations of USA, which in turn places a bond on the birth certificate thereby making it a negotiable instrument, and placing the fiction, called a STRAWMAN, into the warehouse of the corporations of USA. Representation for the created fiction was given to the BAR (British Accredited Registry/Regency), owned and operated by the Crown, for the purpose of contracting the fiction (which most of us think is ourselves) into a third party action. Do not underestimate the power behind this trick. It is to con us into contracting with the feds so that they can 'legally' confiscate our property.

All these contracts have only our signatures on them because corporate fictions cannot contract (only natural beings have the right to contract – and the right not to contract). Because there is no full disclosure – we are never told that we have just signed away what we believe to be our property – these contracts are fraudulent, and hence, we are still the lawful owner and the profit earned by the feds from selling securities (our property) belongs to us and must go into a fund for our benefit, otherwise it would be fraud. Not wanting to be charged with fraud, the feds had to create a remedy for us ... and hope we wouldn't discover it."

For even a deeper understand of the Birth Certificate (registration) process click **HERE**.

"The best example of the effects of registration is the birth certificate. A bankrupt entity – city, state/ province, country – cannot operate in commerce. So how do they manage? Since USA has been bankrupt for decades, having no substance such as gold and silver to back it, the only asset it has are men and women and our labour. We are the collateral for the interest on the loan of the World Bank. Each of us is registered, via the application for a birth certificate. The Treasury issues a bond on the birth certificate and the bond is sold at a securities exchange and bought by the Federal Reserve Bank which then uses it as collateral to issue bank notes.

The bond is held in trust for the Feds at the Depository Trust Corporation. We are the surety on said bonds. Our labour/energy is then payable at some future date. Hence we become the 'transmitting utility' for the transmission of energy. The United States Government, in order to provide necessary goods and services, created a commercial bond (promissory note), by pledging the property, labour, life and body of its citizens, as payment for the debt (bankruptcy).

This commercial bond made chattel (property) out of us all. We became nothing more than 'human resources' and collateral for the debt. This was without our knowledge and/or our consent, via the filing (registration) of our birth certificates. When mums apply for a birth certificate, the application is registered. The legal title of her baby is then transferred from mum to the State. Mum is left with equitable title of her baby whom she can use for a fee – a 'use tax' – and since the property does not belong to her, she has to treat it in the manner which the owner wants."

The Certificate Of Registration of Live Birth is By Banking Definition Termed "A Certificated Security" The application they made was known as "an application for a live birth certificate" and what issued from this application was known as a "birth certificate."

...the 'company', the "United States" kept the original application and gave your parents a copy of a birth certificate.

There is no real gain, therefore no income, therefore no income tax. This created what is known as a "foreign situs trust account".

Also when we filled out the Form SS-5 we 'allowed' the 'company' access to our account, our check book as it were, the pre-paid account that was set-up when our birth certificate issued. We gave them permission as signers to write checks on our account, and they do all the time. Keep in mind, this is the same account the bankers fractionalized and created huge, almost unlimited sums of "money", and we became 'co-business partners', with the 'company'. They are able to access and use our pre-paid account, for whatever they deem necessary.

...the 'company' then took the application and pledged your future labor as a guarantee for payment to the bankers, also known as the International Monetary Fund (IMF). The bankers gave the company a credit for your application against the amount that the company owed the bankers, which at the time of your birth, was worth close to 1 million dollars. This transaction is what is referred to as a "money of account" transaction, as no real money changed hands. It was simply an accounting entry against the debt owed to the bankers, by the company.

Deception?

The bankers then took the [your] application, and used fractional banking lending. It is the birth certificate that is proof that an application was submitted. It is the application that is the real negotiable instrument and the birth certificate proves there is a negotiable instrument being used in commerce -- to borrow money.

HUH? What is that you say?

#8230; fractional banking If a [your] birth certificate is worth, say, 1 million, the bank can loan that same 1 million out as many as 9 times, thus making the [your] birth certificate worth 9 million; and it keeps going, going and going.

The Story Of Your Enslavement: Meet Your Strawman

The Story Of Your Enslavement: Meet Your Strawman

July 29, 2013

Many of the readers here will already be familiar with the Strawman; the corporate fiction created by our Birth Certificate. The information I have to share here is a pretty simple breakdown and can be shared with those who might still be skeptical. For anyone looking to do more research on this, I highly recommend reading Mary Elizabeth Croft's free e-book [here](#). ~BK

A truth's initial commotion is directly proportional to how deeply the lie was believed. It wasn't the world being round that agitated people but that the world wasn't flat. When a well-packaged web of lies has been sold gradually to the masses over generations, the truth will seem utterly preposterous and its speaker a raving lunatic. – Dresden James

Registration vs. Recording

“Registration” comes from Latin “rex, regis” etc. meaning regal. So think about what occurs to whatever you ‘register’ – you hand legal title over to the Crown. When you register anything with the public, it releases legal title to the government corporation and leaves you with only equitable title – the right to use, not own, and for that use you will pay a ‘use’ tax which is every tax, be it income, sin, sales, property, etc. as opposed to lawful taxes – excise and

impost. So that it doesn't appear that the government now owns the property which you have registered they put it in a name which so much resembles your own that you won't suspect it, however, the NAME is owned by the government. If you choose rather to record your legal title to your property with the public, you maintain your status as Title Owner. This is one of the most important things you can ever learn for the sake of your commercial affairs.

The best example of the effects of registration is the birth certificate. A bankrupt entity – city, state/province, country – cannot operate in commerce. So how do they manage? Since USA/CA have been bankrupt for decades, having no substance such as gold and silver to back it, the only asset it has are men and women and our labour. We are the collateral for the interest on the loan of the World Bank. Each of us is registered, via the application for a birth certificate.

The Treasury issues a bond on the birth certificate and the bond is sold at a securities exchange and bought by the FRB/BoC, which then uses it as collateral to issue bank notes. The bond is held in trust for the Feds at the Depository Trust Corporation. We are the surety on said bonds.

Our labour/energy is then payable at some future date. Hence we become the 'transmitting utility' for the transmission of energy. The USG/CAG, in order to provide necessary goods and services, created a commercial bond (promissory note), by pledging the property, labour, life and body of its citizens, as payment for the debt (bankruptcy).

This commercial bond made chattel (property) out of us all. We became nothing more than 'human resources' and collateral for the debt. This was without our knowledge and/or our consent, via the filing (registration) of our birth certificates. When mums apply for a birth certificate, the application is registered.

The legal title of her baby is then transferred from mum to the State. Mum is left with equitable title of her baby whom she can use for a fee – a 'use tax' – and since the property does not belong to her, she has to treat it in the manner which the owner wants.

Colonel Edward Mandell House is attributed with giving a very detailed outline of the plans to be implemented to enslave the American people. He stated, in a private meeting with

Woodrow Wilson (President 1913 – 1921), ***Very soon, every American will be required to register their biological property (that's you and your children) in a national system designed to keep track of the people and that will operate under the ancient system of pledging.***

By such methodology, we can compel people to submit to our agenda, which will affect our security as a charge back for our fiat paper currency.

Every American will be forced to register or suffer being able to work and earn a living. They will be our chattels (property) and we will hold the security interest over them forever, by operation of the law merchant under the scheme of secured transactions. Americans, by unknowingly or unwittingly delivering the bills of lading (Birth Certificate) to us will be rendered bankrupt and insolvent, secured by their pledges. They will be stripped of their rights and given a commercial value designed to make us a profit and they will be none the wiser, for not one man in a million could ever figure our plans and, if by accident one or two should figure it out, we have in our arsenal plausible deniability.

After all, this is the only logical way to fund government, by floating liens and debts to the registrants in the form of benefits and privileges. This will inevitably reap us huge profits beyond our wildest expectations and leave every American a contributor to this fraud, which we will call “Social Insurance.” Without realizing it, every American will unknowingly be our servant, however begrudgingly.

The people will become helpless and without any hope for their redemption and we will employ the high office (presidency) of our dummy corporation (USA) to foment this plot against America. – Colonel Edward Mandell House

This is why I coach those who intend to ‘marry’ not to sign anything. Centuries ago, a man put a ring on a woman’s finger and declared, “With this ring, I thee wed”. Family members were the witnesses and that was it.

There was no state-issued license to sign ... frightful!

Children can be taken from their parents because of the marriage license.

Do not invite into your private contract a third party which happens to be public, cares not about the interests of the other two parties, and has every legal right to force them to acquiesce to its demands.

Your marriage ceases to be your own; the third party will tell you if and when you can end the marriage; the third party will dictate that your children will:

1. require a birth certificate and SSN
2. require a gov’t-directed (AMA) doctor to attend to his health,
3. be vaccinated by mandate,
4. attend the Public School System,

5. be prescribed and drugged by Ritalin,
6. sign up with the armed forces, etc.

Your child will be a 'ward of the state' and the state will have prior say in what IT thinks is best for your child – you will not have jurisdiction over him.

The birth certificate created a FICTION (the name of the baby in upper case letters).

The state/ province sells the birth certificate to the Commerce Department of the corporations of USA/CA, which in turn places a bond on the birth certificate thereby making it a negotiable instrument, and placing the fiction, called a STRAWMAN, into the warehouse of the corporations of USA/CA.

Representation for the created fiction was given to the BAR (British Accredited Registry/Regency), owned and operated by the Crown, for the purpose of contracting the fiction (which most of us think is ourselves) into a third party action.

Do not underestimate the power behind this trick. It is to con us into contracting with the feds so that they can 'legally' confiscate our property. All these contracts have only our signatures on them because corporate fictions cannot contract (only natural beings have the right to contract – and the right not to contract).

Because there is no full disclosure – we are never told that we have just signed away what we believe to be our property – these contracts are fraudulent, and hence, we are still the lawful owner and the profit earned by the feds from selling securities (our property) belongs to us and must go into a fund for our benefit, otherwise it would be fraud. Not wanting to be charged with fraud, the feds had to create a remedy for us ... and hope we wouldn't discover it.

For decades, through its 'public' school system, the government has managed to deceive us about some very important facts. All facets of the media (print, radio, television) have an ever-increasing influence in our lives and are controlled by government and its agencies, via the issuance of licenses. We have slowly and systematically been led to believe that any form of our names represents us, which is not so.
