

Milytic Otic™

Micellar Dewaxing Ear Cleanser

TECHNICAL SPECIFICATIONS: Micellar Dewaxing Solution with Hypoallergenic Cleansing Bases for Ears and Skin

PROPERTIES: A mild and non-irritating proprietary hygiene product with ceramide III. Contains soothing and cleansing agents in a micellar solution that removes cellular debris and excess sebum. The formulation provides a healthy ear canal environment in dogs and cats. Ceramide III in the formulation supports healthy skin.

Ingredients: Micellar Solution (Water, PEG-6 Caprylic/Capric Glycerides, Polysorbate 80, Disodium EDTA, Cetrimonium Bromide), Methylchloroisothiazolinone, Methylisothiazolinone, Fragrance and N-Octadecanoylphytosphingosine (Ceramide III)

SPECIES: Dogs and Cats

USES: Indicated for the cleansing of ears for regular hygiene and/or before treatment in the case of Otitis Externa. Milytic Otic is specifically indicated for sensitive ears or ears prone to excess earwax production. For the cleansing and management of eye contour (soiled and matted hair) and localized seborrheic dermatitis in face folds and inter-digital folds.

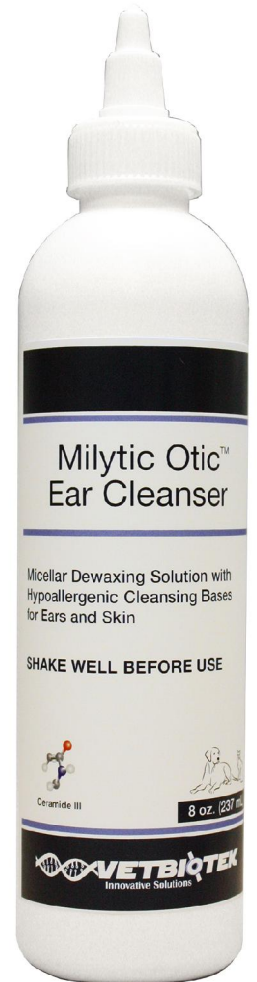

DIRECTIONS FOR USE: Shake well before use. Apply a few drops into the ear canal. Massage and gently rub the base of the ear. Wipe off the excessive product on the interior of the earflap with cotton or a moistened cloth.

FREQUENCY OF USE: For routine use in healthy ears, apply 2-3 times weekly or as often as recommended by your veterinarian. In the case of Otitis Externa, apply before each ear treatment. In case of excessively dirty ears, apply 2-3 times daily over several days until condition improves.

PRECAUTIONS: For indicated use only. Do not swallow. Avoid contact with eyes. If eye contact occurs, rinse thoroughly with water and consult a veterinarian.

PRESENTATION 8oz

STORAGE: Store at room temperature. Protect from freezing.

AVAILABLE ONLY THROUGH LICENSED VETERINARIANS
