CHARTERED ACCOUNTANTS

## SIGNING UP TO MYGOV

### WHAT IT MEANS FOR YOU

myGov allows secure online access to a number of government services through a myGov account, including Medicare, Centrelink and the Australian Taxation Office (ATO).

If you have created a myGov account and linked it to the ATO, what does it mean for you?

#### Major Change

The major change that occurs when you link the ATO to your myGov account will be the redirection of your ATO correspondence from your Tax Agent to your myGov account. As your Tax Agent, we will no longer receive your ATO mail including:

- Notice of Assessments
- Activity Statements and Instalment Notices
- Statements of Account
- Division 293 Tax Assessments
- Authority Forms
- Confirmation and reminder notices

A number of these notices require action to be taken and may have time limits for lodgement of forms and payment of tax.

### ACTION TO BE TAKEN

If you have decided to link your myGov account to the ATO you will need to check your electronic mail on a regular basis and action any correspondence received, as late lodgements may incur a penalty and late payments may incur interest.

Please don't hesitate to contact us if you have any questions regarding your ATO mail.
