

Great News!

\$ Ben is on his way! \$

Dear Fellow Flight Attendant:

We're happy to report that the Boeing 787 Agreement ratification bonus will be distributed on **Tuesday, July 24th**. So who gets it?

- All Flight Attendants who had In-flight W-2 wages in 2017
- Flight Attendants who came online in 2018 and were eligible to vote by July 10th

We will receive approximately 3% of our 2017 In-Flight W-2 wages (less 2017's per diem and profit sharing) with no less than a \$200 minimum bonus pay out. Of course, this is all before the 22% tax rate for bonuses.

The Company and our 401(k) contributions will be a part of this bonus.

What about the other provisions?

A few of the items in the Boeing 787 Agreement were to begin after ratification. Below is our working timeline for these items.

- Crew Rest – requires changes in the IFM
- Flight Deck Entry/Exit Security Procedure – requires changes in the IFM
- Additional Crew Rest Station – requires reservation system changes
- Crew Meals – A committee will be set up and we anticipate talks starting in September

As you can see, the first three items require FAA approval, which takes about 4 weeks. We will keep you posted.

Our next bargaining session is the week of August 6-10, in Honolulu, Hawai'i.

Mahalo!
The Negotiating Committee
