**LITTLETON LUMBER IS A GOLD SPONSOR OF
THE CASTLE IN THE TREES PLAYGROUND COMMUNITY REBUILD**

Materials donations and employee support add to local playground rebuild project

LITTLETON, MA, September 26, 2016 – Littleton Lumber, a building materials supply company in Littleton, Massachusetts, is proud to announce that it is a gold level sponsor of the Castle in the Trees Community Rebuild in Littleton this past September 21-25, 2016.

Littleton Lumber, a division of Concord Lumber Corporation, supplied materials and labor to the rebuild project. Hardware, tool supplies, saw blades, paint, concrete mix, and more were donated to the project. Additionally, the company reached out to local contractors on behalf of Castle in the Trees and put together a team for Littleton Lumber Build Day on Thursday, September 22nd. Nearly 20 employees, including Vice President Rick Ursch and President Rick McCrobie, gave their time and knowledge to the local effort.

“We were happy to join in this community event and help out in the best ways that we could. The Castle in the Trees playground has been a beloved part of Littleton for the past 25 years and we are thrilled to help it be a part of the town’s future,” said President Rick McCrobie.

The Castle in the Trees Community Rebuild project was run entirely by volunteers. The playground is a 2nd generation project with the original playground having been built in 1991. The new playground will be unveiled on Saturday, October 1st.

About Littleton Lumber

Littleton Lumber is a division of Concord Lumber Corporation. Established in 1946, Concord Lumber Corporation is 100% employee-owned and has nearly 130 employees. Concord Lumber Corporation operates two building materials and hardware stores lumberyards (Littleton Lumber and Concord Lumber), a millwork and moulding division (Forester Millwork and Moulding) and a kitchen design center (The Kitchen Works). The company focuses on professional builder, remodeler and homeowner customers in eastern and central Massachusetts, Rhode Island, southern New Hampshire, southern Maine, and eastern Connecticut. Concord Lumber Corporation’s team of experts can work with you from concept to finish. For more information, visit www.concordlumbercorp.com.
