Our April Lunch and Learn was dynamic and informative. Our speaker, Investigator Anthony Gregory from the Palm Beach County Public Safety Department, told us about how Identity Theft is costing consumers millions of dollars. For those affected, it may take years of tedious calls and correspondence to clean up their credit. Investigator Gregory helped us understand how in Florida, the Sunshine Law affects most agencies records search and how it could possibly leave an open door to crime. It is advised to continually monitor your credit. Awareness is the best way to combat it. But as we know, crime does not sleep, and while we are resting, thieves are thinking of new ways to scam us out of our hard earned money.

Everyone enjoyed a delicious lunch, made friends, and learned about different laws helping us keep our privacy protected. We would like to thank Frank Garguilo and the Palm Beach County Sheriff’s Office for hosting our event.

The Inaugural ARMA Florida Sunshine Conference that took place February 21-22 in Orlando was such a huge success that plans are already underway for next year’s conference.

The CRM track offered was so very comprehensive. The CRM facilitators were the people who actually write the test. All the course presenters were so knowledgeable and accomplished in their field that they set a very high bar for the Conference.

The PBTC Chapter was in attendance (right) including members Georgia Elliot, Joshua Cabrera, Sean Eck (not pictured), and Chapter Vice President, Lucy Ungaro, as well as Chapter Treasurer and President who were also Sunshine Board Members, Judi Long and Laurie VanDoezelaar.

The entire ARMA Sunshine Board (bottom left) did an outstanding job putting together a great conference which awarded CRM and IGP points.

Do not miss next year’s Sunshine Conference!
