Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

APPLICATION CONDITIONS

Material: 45°F (8°C) minimum, 100°F (38°C) maximum
Air: 45°F (8°C) minimum, 100°F (38°C) maximum

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage and disposal. Store in a cool dry place.

Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

EPA Reg. No. 84316-1 - EPA Est. No. 8370-IL-1

TECHNICAL DATA

DIRECTIONS FOR USE

Read label carefully before use and follow directions. It is a violation of Federal Law to use this product in any manner inconsistent with its labeling. This product can only be used in accordance with the Directions for Use on this label or in separately published Moss Buster® Supplemental Labeling. Moss Buster® is ready to use. Apply as a spray, sweeping across the moss, wetting the entire moss patch to get thorough treatment. For best results, use on a sunny day with temperatures of 50° F(10°C) or above. Rain and cold temperatures decreases this product's effectiveness. Extremely thick patches of moss may require two additional applications.

Golf Greens, (Sports) Turf, and Grass

This product is for use on grass, artificial turf, asphalt and clay surfaces. Shake bottle vigorously before using. Apply spray directly on moss, holding the bottle 6-7 inches away. Spray to spot treat and wet the entire moss patch. Confine spray to moss and a 2 inch perimeter around it. Watering within 24 hours speeds turf recovery, grass will discolor but recovers completely in 10-14 days with normal watering.

Patios, Landscape Walls, Wooden Decks & Fences, and Pavers

This product is for use on structures and surfaces made from cement, concrete, wood, brick, block, blacktop, marble, and stone. Shake bottle vigorously before using. Spray 4-8 inches from moss. Use at closer distance for dense moss. Spray to wet entire moss patch. No need to scrape it off. Sunlight, wind and rain will wash moss off structures.

Rooftops

This product is for use on wood, asphalt and rubber rooftop surfaces. Shake bottle vigorously before using. Spray 4-8 inches from moss. Use at closer distance for dense moss. Spray to wet entire moss patch. No need to scrape it off. Sunlight, wind and rain will wash moss off structures.

Potting Media

This product can be applied to potting media including soil, dirt, bark, sand, compost and vermiculite to kill moss. Shake bottle vigorously before using. Spray 4-8 inches from moss. Use at closer distance for dense moss. Spray to wet entire moss patch.

CONDITIONS OF SALE AND WARRANTY

The Directions for Use of this product reflects the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Notice: Buyer assumes all responsibility for safety and use not in accordance with label directions. To the extent consistent with applicable law, NexxChem LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions For Use, subject to the inherent risks, referred to above. To the extent consistent with applicable law, NexxChem LLC makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. To the extent consistent with applicable law, in no case shall NexxChem LLC or the Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. To the extent consistent with applicable law, Moss Buster and the Seller offer this product, and, the Buyer and user accept it, subject to the foregoing Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of NexxChem LLC. www.nexxchem.com or www.mossbuster.com.
