

ILWU Local 517 Odd Year Trustee Gary Olszewski

- Started with the Port in July 2010
- Environmental Specialist in the Environmental Programs department
- Currently member of the Job Evaluation and the Nominations and Elections Committees

I'm looking for your support in this years executive board position for odd year trustee. I plan to bring the same even keel temperament and knowledge that has been part of my service to the union membership to date. I believe that we have an excellent history of strong executive boards and hope to continue our local's tradition.

Thank you,

Gary O
