

## Introduction

### America and Church Must Wake Up

Time is running out for this great nation of the United States. Our nation is at a biblical Jonah moment. As Jonah was sent by God to warn Nineveh of its impending judgment, many “watchmen on the wall” are warning American. However, few Americans are even remotely aware of this nations coming apocalypse. Like the Roman Empire, our citizens have become “fat and lazy” in our abundance and materialism, Roman Marcus Cicero probably explained it most eloquently with these words:

“Do not blame Caesar, blame the people of Rome who have rejoiced in their loss of freedom who hail him when he speaks in the Forum of more security, more living fatty at the expense of the industrious.”

Our forefathers were smart enough to counter this ignorance with words like these spoken by Samuel Adams:

“If we love wealth greater than liberty, the tranquility of servitude greater than the animating contest for freedom, go home from us in peace. We seek not your counsel, nor you arms. Crouch down and lick the hand that feeds you. May your chains set lightly upon you, and may prosperity forget that ye were our countrymen.”

If we as a nation are honest with ourselves, our future looks bleak. Are we able to look our children in the eye and promise them a future better or even equal to our own? I think not and why? College graduates can not find good paying jobs because our leaders choose to send them overseas for cheap labor. These graduates must try to pay back over \$1 trillion in student loans on low paying service jobs. More Americans are receiving government subsidies than are working. The unemployment rate is not the low figure the government regurgitates through its corporate mainstream media- but is really 23% to 25%. The national debt including unfunded liabilities is over \$200 trillion. Rather than bog down this introduction in dismal facts, let it just suffice to say, “May God have mercy on our children and grandchildren.”

So, how did the country get to this critical point in history? I will list the problems and causes to be later expounded upon. I want to take this opportunity at this time to say it is not my goal to make you feel better. If remaining in a positive world where everything is coming up roses, then return to watching your favorite sitcoms or sports program. If you’re an average Christian, just go to your seeker friendly church where the pastor is more than glad to tickle your ears with soothing words, everything is fine, your living in best time in history, God just wants to bless you and make you comfortable, God will never judge America because it is an exceptional country.

Now, those of us living in reality know:

1. Our corporate, political, social , and economic institutions are totally corrupt and run by psychopathic godless criminals.
2. Mainstream media is a propaganda arm of the U.S. government, and used by our criminal elite to misinform and brainwash the population. Truth is hard to find when everything is a lie and a cover up.
3. We are one of the poorest industrial nations per capital because of the extreme disparity in wealth distribution. The middle class is being wiped out. Inflation adjusted wages have been declining for at least the last three decades. Home ownership is at a 50 year low, and pensions are soon to be non- existent. The U.S. is rapidly becoming a third world country. Hundreds of trillions have been stolen by the corporate, political, and banking-wall street criminals.
4. The U.S. is in reality a corporation. Deed and Co., basically is an arm of the bankers who own all the mortgages, homes, car titles, and land deeds as collateral for our national debts. (In fact, the IRS is a corporation.)
5. Educational system has been taken over now by leftist/socialists/ communists, all controlled by the Illuminati banking and corporate cabal.
6. U.S. has largest debt in history of the world.
7. Our history and forefathers names are being removed, and our culture decimated by immigration (legal and illegal).
8. We are being slow killed by the Luciferian worshiping elitists who are using GMOs (genetically modified foods, geoengineering of our skies and biosphere, vaccines, varies microwave, directed energy weapons, and radiowave technologies on us.
9. America by plan, is no longer a Christian nation as established by our ancestors, but Christianity is being removed from our government, schools, public arena, and media- except when it is ridiculing Christians.
10. We are being invaded by foreign elements seeking our destruction. One of the primary invaders is the Islamic death cult.
11. American churches for the most part, are inept and powerless- populated by pastors seeking to protect their business of religion.
12. Most Christians no longer believe the word of God is Holy Spirit inspired, but rather was written by fallible men. (Just a thought, if this were the case, then how can it be determined what is real and what is only man's opinion? The Bible in this case should just be another book...probably listed as fiction.)
13. American Christians are under a delusion. " ..... because they received not the love of the truth, that they might be saved. And for this cause God shall send them strong delusion, that they should believe a lie: That they all might be damned who believed not the truth, but had pleasure in unrighteousness."
14. We all live in a spy nation with no privacy or secrets is not available to government and corporate entities.
15. Prophecy is no longer taught or considered relevant in most churches.
16. Secrets (hidden technologies, ancient civilizations, truth of past and present giants in the world, and many more truths are withheld from the public.
17. U.S. is bankrupt and soon to default.
18. World War III is rapidly being orchestrated by globalists and international bankers.

19. Governments can control populations minds (even read thoughts) through new technologies. (MK-ultra is one method)

20. There is a plan to reduce U.S. population and world by 95%. (Google 'Georgia guide stone'). It lays out the goal of reducing population of world to 500 million- thus eliminating 6.5 billion people.

21. Goal to establish one world government, religion, and economic system. (This goal plays directly into the beast system prophesied in Book of Revelations to occur in the end-times. This system will allow the rise and control of the world by a world dictator- the Antichrist.)

This list is far from exhaustive, however, this book will elaborate on most of these points. The intent is to awaken the populace. Let me now take the time to express my mind set. First, as you have surmised, I am a born again Christian. I will not apologize or back tract in my belief that GOD DOES EXIST! He sent his Son Jesus to make the ultimate sacrifice. Anyone believing in his heart that Jesus died, was buried, and rose from the dead, will be saved. The Bible makes it clear that "... Salvation is found in no one else, for there is not another name under heaven given to mankind by which we must be saved."

Time is fast expiring before the seven year tribulation period spoken of in the Book of Revelation shall begin. There is not longer time for political correctness or to worry about hurt feelings. My goal is to enlighten, educate, and maybe scare enough readers into turning off the T.V. and stop playing video games to research of what I speak. Before the words "fear mongering" begins to be throw around, sometimes it is necessary to get someone's attention first, then they may listen. God's greatest sign of love is often to send omens and signs- even judgment- to arouse people from their slumber. Even in Jesus' time the people, but more importantly the elite and learned men, could not see the truth that the Messiah they were waiting to arrive, was standing in front of them. It says, "My people are destroyed for lack of knowledge..." (Hosea 4:16)

This book was kept short, to be an easy read. Purpose is to allow any reader to get a quick synopsis of the primary points, and to use the references listed at the end to research and prove the frightening reality our nation faces.

My deepest desire is that those reading this book, will have their eyes and ears opened to see the truth. Thus they will understand what is coming upon America and in truth, the world, and will be able to be saved and protected from what is coming.

"For God did not give us a spirit of fear, but of power and Love and of a sound mind." 2 Timothy 1:7.
