Visit Reflection: “The small group discussions were the best part of day, as well as having Tim Caverly join the students for lunch! Throughout the day, Tim worked off their questions to really adapt his presentation and topics to the needs of the students. His Powerpoint was well-organized and engaging with audio and visual support. During the large group presentation, Tim took us on a virtual trip up the Allagash, which was a hit!” - Natasha L Brewer, District Librarian, September, 2017
