Visit Reflection: “Having Chris Van Dusen visit delighted not just students but staff members, too. Mr. Van Dusen prefers a small format, so we scheduled six sessions with less than fifty students in each. This allowed him to have more interaction with the students. For instance, during a number of presentations he read, ”The Circus Ship.” One of that book's illustrations contains fifteen hidden animals. Mr. Van Dusen selected fifteen students to come up and point out one animal for the other students.”
