Section 8: Flagpoles must be constructed of permanent, long-lasting materials with an appropriate finish that is harmonious with the dwelling.

Section 9: A flagpole attached to a structure may be up to six feet (6') long and must be securely attached with a bracket with an angle of 30 to 45 degrees down from vertical. The flagpole must be attached in such a manner as to not damage the structure. One attached flagpole is allowed on any portion of a structure facing a street and one attached flagpole is allowed on the rear or backyard portion of a structure. Brackets which accommodate multiple flagpoles are not allowed.

Section 10: Free-standing flagpoles may be up to twenty feet (20') tall, including any ornamental caps. Free-standing flagpoles must be permanently installed in the ground according to manufacturer's instructions. One free-standing flagpole is allowed in the portion of the Owner's property between the main residential dwelling and any street and one free-standing flagpole is allowed in the rear or backyard portion of a property.

Section 11: Free-standing flagpoles may not be installed in any location described below:

- A. in any location other than the Owner's property;
- B. within a ground utility easement or encroaching into an aerial easement;
- C. beyond the side or rear setback lines (for example, on a lot with a 10' side setback line, a flagpole may not be installed closer than 10' from the side property line);
- D. beyond half the distance of the front setback line (for example, on a lot with a 30' front setback line, a flagpole may not be installed closer than 15' from the front property line);
or
- E. closer to a dwelling on an adjacent lot than the height of the flagpole (for example, a 20' flagpole cannot be installed closer than 20' from an adjacent house).

Section 12: Lighting may be installed to illuminate Permitted Flags if they will be displayed at night and if existing ambient lighting does not provide proper illumination. Flag lighting must:

- A. be ground mounted in the vicinity of the flag;

- B. utilize a fixture that screens the bulb and directs light in the intended direction with minimal spillover;
- C. point towards the flag and face the main structure on the property or to the center of the property if there is no structure; and
- D. provide illumination not to exceed the equivalent of a 60 watt incandescent bulb.

Section 13: Flagpoles must not generate unreasonable noise levels which would disturb the quiet enjoyment of other residents. Each flagpole Owner should take steps to reduce noise levels by using vinyl or plastic snap hooks, installing snap hook covers or securing a loose halyard (rope) around the flagpole with a flagpole clasp.

Section 14: Flagpoles are allowed solely for the purpose of displaying Permitted Flags. If a flagpole is no longer used on a daily basis, it must be removed.

Section 15: All flags and flagpoles must be maintained in good condition. Deteriorated flags must be removed and promptly replaced. Deteriorated or structurally unsafe flagpoles must be promptly repaired, replaced or removed.

Section 16: The foregoing guidelines are effective upon recordation in the Public Records of Lubbock County, Texas, and supersede any guidelines for display of flags which may have previously been in effect. Except as affected by Section 202.007(d) of the Texas Property Code and/or by these guidelines, all other provisions contained in the Deed Restrictions or any other dedicatory instruments of the Association shall remain in full force and effect.

GUIDELINES FOR RAINWATER RECOVERY SYSTEMS

Section 1: Rainwater Recovery Systems may be installed with advance written approval of the Architectural Control Committee subject to these guidelines.

Section 2: All such Systems must be installed on land owned by the property Owner. No portion of the Systems may encroach on adjacent properties or common areas.

Section 3: Other than gutters and downspouts conventionally attached to a dwelling or appurtenant structure, all components of the Systems, such as tanks, barrels, filters, pumps, motors, pressure tanks, pipes and hoses, must be substantially screened from public view from any street or common area. Screening may be accomplished by:

- A. placement behind a solid fence, structure or vegetation;
- B. by burying the tanks or barrels; or
- C. by placing equipment in an outbuilding otherwise approved by the Architectural Control Committee.

Section 4: A rain barrel may be placed in a location visible from public view from any street or common area only if configuration of the guttering system on the structure precludes screening as described above with the following restrictions:

- A. the barrel must not exceed fifty-five (55) gallons;
- B. the barrel must be installed in close proximity to the structure on a level base with the guttering downspout leading directly to the barrel inlet at a substantially vertical angle;

- C. the barrel must be fully painted in a single color to blend with the adjacent home or vegetation; and
- D. any hose attached to the barrel discharge must be neatly coiled and stored behind or beside the rain barrel in the least visible position when not in use.

Section 5: Overflow lines from the Systems must not be directed onto or adversely affect adjacent properties or common areas.

Section 6: Inlets, ports, vents and other openings must be sealed or protected with mesh to prevent children, animals and debris from entering the barrels, tanks or other storage devices. Open-top storage containers are not allowed, however, where space allows and where appropriate, Architectural Control Committee approved ponds may be used for water storage.

Section 7: Harvested water must be used and not allowed to become stagnant or a threat to health.

Section 8: All Systems must be maintained in good repair. Unused Systems should be drained and disconnected from the gutters. Any unused Systems in public view must be removed from public view from any street or common area.

Section 9: The foregoing guidelines are effective upon recordation in the Public Records of Lubbock County, Texas, and supersede any guidelines for rainwater recovery systems which may have previously been in effect. Except as affected by Section 202.007 of the Texas Property Code and/or by these guidelines, all other provisions contained in the Deed Restrictions or any other dedicatory instruments of the Association shall remain in full force and effect.

Article Twenty-One

ENFORCEMENT PROCEDURES

Section 1: Before the Board may: (a) suspend an Owner's right to use a Common Area; (b) file a suit against an Owner other than a suit to collect any Assessment; (c) charge the Owner for property damage; or (d) levy a fine for a violation of the Governing Documents, the Association or its agent must give written notice to the Owner by certified mail, return receipt requested. The notice must describe the violation or property damage that is the basis for the suspension action, charge, or fine and state any amount due to the Association from the Owner. The notice must also inform the Owner that the Owner is: (a) entitled to a reasonable period to cure the violation and avoid the fine or suspension unless the Owner was given notice and a reasonable opportunity to cure a similar violation within the preceding six (6) months; and (b) may request a hearing on or before the thirtieth day after the date the Owner receives notice.

Section 2: If the Owner is entitled to an opportunity to cure the violation, the Owner has the right to submit a written request for a hearing to discuss and verify facts and resolve the matter in issue before a committee appointed by the Board or before the Board if the Board does not appoint a committee. If a hearing is to be held before a committee, the notice must state that the Owner has the right to appeal the committee's decision to the Board by written notice to the Board. The Association must hold a hearing under this section not later than the thirtieth day after the date that the Board receives the Owner's request for a hearing and must notify the Owner of the date, time and place for the hearing not later than the tenth day before the date of the hearing. The Board or the Owner may request a postponement, and, if requested, a postponement will be granted for a period of not more than ten days. Additional postponements may be granted by agreement of the parties. The Owner or the Association may make an audio recording of the meeting. The hearing will be held in executive session affording the alleged violator a reasonable opportunity to be heard. Before any sanction hereunder becomes effective, proof of proper notice will be placed in the minutes of the meeting. Such proof will be deemed adequate if a copy of the notice, together with a

statement of the date and manner of delivery, is entered by the officer, director, or agent who delivered the notice. The notice requirement will be satisfied if the alleged violator appears at the meeting. The minutes of the meeting will contain a written statement of the results of the hearing and the sanction, if any, imposed. The Board may, but will not be obligated to, suspend any proposed sanction if the violation is cured within a 30-day period. Such suspension will not constitute a waiver of the right to sanction violations of the same or other provisions and rules by any person.

Section 3: Following hearing before a committee, if any, a violator will have the right to appeal the decision to the Board. To perfect this right, a written notice of appeal must be received by the managing agent, if any, president, or secretary within ten (10) days after the hearing date.

Section 4: The Board may change or amend the enforcement procedure to comply with changes in the law.

The policy or policies shall be in an amount equal to one hundred percent (100%) of current replacement costs of the Common Properties, exclusive of land, foundations, excavation and other items normally excluded from coverage. The name of the insured under such policies must be the Association or the authorized representative of the Association, for the use and benefit of the individual Owners. Loss payable shall be in favor of the Association or its authorized representative, as trustee for each lot Owner and each such Owner's mortgagee in the percentage of common ownership. Such policies may not be cancelled or subsequently modified without at least ten (10) days prior written notice to the Association. Agreed Amount and Inflation Guard Endorsement are required, if available.

Section 2: The Association must maintain comprehensive general liability insurance coverage, covering all of the Common Properties in amounts generally required by institutional mortgage investors for projects similar in construction, location and use, but in any event for at least One Million Dollars (\$1,000,000) for bodily injury, including deaths of persons and property damage arising out of a single occurrence. Such policies must provide that they may not be cancelled or substantially modified by any party without at least ten (10) days prior written notice to the Association. Existence of this policy and the face amount is proprietary information.

Section 3: Blanket fidelity bonds shall be required to be maintained by the Association for all officers, directors, trustees, and employees of the Association and all other persons handling or responsible for funds of or administered by the Association. Should the Association delegate some or all of the responsibility for handling of the funds to a management agent, such bonds must be furnished for its officers, employees and agents handling or responsible for the funds of, or administered on behalf of, the Association. The total amount of the fidelity bonds shall be based on best business judgment and shall not be less than the estimated maximum of funds, including reserve funds, in the custody of the Association or the management agent, as the case may be, at any given time during the term of each bond. However, in no event may the aggregate amount of such bonds be less than the sum of three (3)

- A. Fidelity Bonds shall name the Association as obligor;
- B. The bonds shall contain waivers by the issuers of the bonds of defenses based upon the exclusion of persons serving without compensation from the definition of “employee” or similar terms or expressions;
- C. The premiums on all bonds required for the Association (except for premiums on fidelity bonds maintained by management agent for its officer, employees, and agents) shall be paid by the Association as a common expense; and
- D. The bonds shall provide that they may not be cancelled or substantially modified (including cancellation for non-payment of premium) without at least ten (10) days prior written notice to the Association.

Section 4: The Association shall require Directors and Officers liability insurance for the protection and liability exposure of its Board of Directors in the amount of One Million Dollars (\$1,000,000) per occurrence.

Section 5: The Association retains reasonable rights, including easements over the Common Areas, for completion of improvements and making repairs to improvements and to maintain facilities erected on Common Properties within the Lake Ransom Canyon Addition. The Association may use any funds to maintain, repair or restore any Common Area or Common Properties, or any contract for such maintenance to be take care of by any third-party approved by the Board of Directors.

Section 6: The Association shall have the ability, at the sole discretion and direction of the Board of Directors, to engage in activities to generate revenue for the benefit of the Association.

Section 7: Gender and Number of Words. When the context requires, the gender of all words used in these Bylaws includes the masculine, feminine, and neuter, and the number of all words includes the singular and the plural.

Section 8: The Board may establish the Association’s fiscal year by resolution. In the absence of a Board resolution determining otherwise, the Association’s fiscal year is a calendar year.

Section 9: The Board may adopt rules for conduct of meetings of Members, Board and committees.

Article Twenty-Three
