

# SHARE FAIR RULE!

Whenever there is a special treat to share in your home, like the last cupcake, let one child divide it into equal parts and the other child (children) choose their portions first.

You'll never see such perfectly fair portions in your life and your children will learn to take extra care to be fair when sharing.

Happy sharing!

Deanna

## My Top 3 Sharing Tricks

---

**#1**

**One child divides the bounty but the other child chooses first!**

---

**#2**

**If you show it, you share it!**

---

**#3**

**When hunting for prizes (such as Easter eggs) everyone finds only their allotted share!**
