All "Junior Events" shall be scheduled to finish before the awards banquet. (1/96)

1.1.3 Entry Qualifications and Skier Seeding

All skiers will be allowed entry if they are qualified at Level 5 (ranking order level) or above on the National Ranking List. Those persons qualified in two events may also ski their third event.

Regionals are to be seeded by the Seeding Committee. (1/89)

Background information for the above:

1. Advancement to Regionals will be based on the Nationals Rankings List for the SCR as of the Cut-off Date (COD) on the Friday of the SCR Junior Development Tournament but not more than 21 days before the start of the current Regional Tournament.

2. At the COD the Rankings List Average of the last ranked skier in each division in the S,T, and J events and Overall will be established as the Cut-off Average (COA).

3. After the COD, skiers may still gain entry to Regionals in any event or Overall through two (2) Last Chance Qualifying methods (LCQ's):

A. Any skier who records a score or achieves a rank EQUAL TO OR ABOVE THE COA at any State Championship, or at any class C and above tournament between the COD and the start of the Regional Tournament.

B. Any skier who places in the top three at any three-event SCR State Championship, top five in the SCR Junior Development tournament, or top five of the previous AWSA National or SCR Regional Tournament.(1/09)

C. Any skier selected to a SCR state's regional team. (7/17)

4. For skiers without a current ranking order level; i.e. who have not posted any tournament scores in 12 months, the following protocol will be followed to determine a qualifying Regional Tournament ranking level. The Qualification Official (QO) will review the most recent archived National Ranking List for the immediate past ski year. If there is a ranking order level entry for the skier in that listing the QO will use that level minus 1 to determine a current ranking level. For example, a level 8 skier would now be qualified at level 7. If the QO must go back two years to find a ranking level then that level minus 2 will be used; if three years then minus 3 and so on. Seeding values for these individuals will be such that they are the first to ski in their age division/event at the Regional Tournament. If there is more than one of these individuals in a division/event they will be seeded alphabetically by last name; i.e. A-Z. (1/10)

1.1.4 Towboat Selection

Events at Regionals shall be divided into groups equal to the number of the qualified towboats participating. Each group shall be of approximate "equal weight".
