

NEW HIRE TRAINING: GENERAL INDUSTRY

New Hire Safety Training

One of the most commonly cited OSHA regulations is lack of employee training. Prior to starting work, new hires must be trained according to the hazards they may be exposed to. Our New Hire course is designed to cover the basic hazards encountered in general industry. We also tailor the course to provide site or industry-specific training for registrants, ensuring training on hazards not already covered.

PRIMARY TOPICS:

- ◇ Safety & OSHA Orientation
- ◇ Hazard Communication (2015 GHS Update)
- ◇ Personal Protective Equipment
- ◇ Lockout/Tagout
- ◇ Fire Prevention & Fire Extinguishers
- ◇ Basic Electrical Safety
- ◇ Additional topics provided as necessary

DATES:

New Hire Training will be conducted the **THIRD Monday of each month at 1 PM**. Pre-registration is required to ensure proper topic coverage. Forklift, Aerial Lift, First Aid/CPR, NFPA 70E & OSHA 10 & 30-Hour courses cannot be provided in this course.
