○Receiving Communion is most important for Orthodox Christians.

According to the Japanese Orthodox Church Regulations, fasting and confession are required. Confession service starts at 9:30 am before Liturgy. It is recommended to start fasting before midnight except for infants, aged and sick people. Please ask your priest for further advice.

Причастие является основным таинством для православных христиан. Согласно традиции Японской Православной Церкви, перед причастием необходимы пост и исповедь. Исповедь начинается в 9:30, перед литургией. Рекомендуется поститься начиная с 24 часов вечера, за исключением детей, пожилых и болеющих людей. Обращайтесь к священнику за советом.
