

# Parent Friendly Websites: (this is a sample of resources)

---

If your child is struggling in:

## 1. Reading:

Site name: **Headsprout A-Z**

This site has: research-proven online reading instruction

Directions to download:

- Click on this [Link](#)
- Fill out the information and begin your free trial

Site Name: **Raz Kidz A-Z**

This site has: Leveled eBooks and eQuizzes for interactive reading practice

Directions to download:

- Click on this [Link](#)
- Fill out the information and begin your free trial

## 2. Writing

Site Name: **Writing A-Z**

This site has: Leveled lessons and interactive student writing tools

Directions to download:

- Click on this [Link](#)
- Fill out the information and begin your free trial

### 3. Math

Site Name: **Watch Learn Know**

This site has: videos for math lessons

Directions to download:

- Click on this [Link](#)
- Fill out the form
- From the “home” screen look at the age filter and change it to the age of your child
- Look at the Directory and choose Mathematics
- Look at the subcategories and click the skill you want to practice (I would choose Mathematics for Young Learners and then click any or ALL of the sub-categories to practice)
- Click on the video to play it
- Have your child practice what they see in the video

Using a deck of cards to practice addition, subtraction and multiplication
