

What's Happening in India?

February 2018

Feed My People in Tenali, India continues to expand and reach the lost for Christ in surrounding villages. Currently they care for 245 orphans in 13 homes, have 60 churches, 42 students in vocational medical school and reach out to care for elderly, widows, and lepers. This month we will give you a sampling of recent news items and pictures received from Pastor Thomas.

Venakateswarlu: He was being beaten by two men because he had stolen food from a restaurant when the Thomas's found him. They rescued him and found that he was an orphan and brought him into their care. They are sending him to school and teaching him about Jesus. Every precious orphan has a tragic story behind them, but a bright future in Jesus!

Pastors were given new clothing at Christmas. Fifty six pastors depend on monthly support from Global Outreach. Another 150 are in need of support.

Global Outreach has partnered with Reverend Thomas for more than thirty years and as he often says, **"without Global Outreach there would be no Feed My People."** We so deeply appreciate your faithful donations which make all of these blessings possible!

Urgent Need for Scholarship Funds

Anil, age 18

One of the joys of being in a long term relationship with ministries we support is seeing the orphans from tragic backgrounds grow in their faith and mature in so many ways. For example, Anil in India, who was orphaned at the age of eight, survived by stealing and hanging out with older boys who got him hooked on opium. After being arrested by the police they turned him over to Feed My People where he accepted Christ as Savior. Anil is now 18 years old and studying to be a Lab Technician. He has one more year to complete his program and needs our help!

In other cases, the children at House of Refuge in Myanmar, need a tutor to help them with their studies. So far none of the children at the

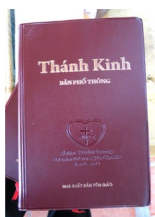

home have been able to pass the exam to graduate from secondary school.

Three of the orphans at Congo for Christ are attending university. Two additional boys graduated secondary school (high school) this past year and have been unable to attend university due to a lack of funding. One of the boys has someone who will pay his tuition if we can pay his living expenses. These are bright, hardworking young people who relish a chance to improve their lives. When these orphans continue in university, we apply the funds from their monthly sponsors to help with school expenses. One of the boys, Washikala, desperately desires to attend college but so far has no sponsor.

Every donation to the scholarship fund will be carefully invested into the life of an orphan who will appreciate your help so much!

“Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up. Therefore, as we have opportunity, let us do good to all people, especially to those who belong to the family of believers.” Galatians 6:9-10
