

Container Blesses CCC

September 2015

Praise God! Today we received the long awaited news and pictures that the container has successfully been unloaded and all the amazing goods that you donated are now at Congo for Christ! It is with great joy and thanksgiving that we share the following message received a few hours ago from Pastor Jeremiah and Daniel:

August 31, 2015—Unloading day!

We thank God for what He has done for us. We received the container that was sent to us and yesterday it was offloaded. We finished all the government processes and now the goods are in our storage building at CCC. We thank Global Outreach and all

Brand new tools for the garden will help provide food

their friends who donated to make sure that this container reached us. God bless you for the great work that you are doing. The children were very happy to receive the goods from USA at CCC and they thanked God for His greatness and love to their lives. After receiving all the goods at the center the children together with the CCC management held a thanksgiving prayer before doing anything else.

CCC Staff members try out new sewing machines

God bless you all for the great work that you are doing for these vulnerable children in Uvira. May our loving God be with you all and may His blessing shower on you!

Container Blesses CCC cont'd from page 1

We join with our friends in Congo to express our heartfelt appreciation to each of you that contributed in so many ways to make this day a reality. The process turned out to take much longer and cost much more than originally anticipated. In this case, I believe the setbacks and challenges have served to make this day all the sweeter and provided more cause for rejoicing.

Sorting new school supplies. School begins September 7th

Hari and Hariza are ready to make music

The next and final leg of the container journey will be to move the empty container to the Congo for Christ Center. Those of you that have been there

Pastor Jeremiah and Salama check out new clothing

know this will not be an easy task. The container will then be transformed into a library for Mango Tree School and the surrounding community. The supplies to build shelves, install windows and a door were all shipped in the container. A large supply of books were also included.

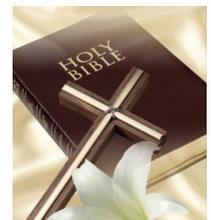

New school shoes for all the orphans

Please continue to hold this project in your prayers as we trust God to make a way for the container library to bless the precious children in Congo. You have responded so generously for this project and we know God will provide the remaining funds needed to get the children reading!
