

# MEMORY LANE

**The Idea:** Everyone has to figure out what the bride and groom did with whom.

**Ground work:** Hand out index cards or sheets of paper and have each guest write a description of their favorite memory with the bride (the more adventurous the better). The host will collect the cards or sheets of paper.

**How to Play:** After the host collects the cards, she'll take the bride on a trip down memory lane, reading them all out loud. Everyone will have to guess who did what with the bride.

For instance, Who snuck out of the house with the bride for a secondary school party?; who met a pop star on a weekend in Abuja with the bride?, etc.
