

# WORDS OF WISDOM

**The Idea:** Guests “shower” the bride with marriage and love advice.

**Ground work:** Tuck a pretty blank card into the invitations for the shower and ask every guest (single and married) to share their advice for a happy marriage.

**How to Play:** Guests advice can range from recipes, a poem or funny story, and so on. At the party, guests take turns reading their words of wisdom to the group and everyone tries to guess who gave which words of wisdom. When the cards have all been read, the host can compile them in a scrapbook as a keepsake for the bride.
