

Thank you for purchasing your PSD from us. We lead the pack in storage solutions.

Personal Storage Device

1. The rack will fit either side. But the lower bracket will not.
2. Remove the handle on the side you want to install this on. Loosely install the PSD to the mounting plate. Mounting plate should be behind the PSD.
3. Using bolts from your handle you can place the handle back over the mounting plate and install with or without handle.
4. Tighten down mount plate center it where you want it. Center the PSD on mount plate tighten down the PSD to mount plate.
5. Pry the lower portion of plate away from wall place spacers under plate felt towards wall.
6. Place lower mounting bracket behind PSD. Attach lower bracket to the floor using stock bolts. Attach lower bracket to back of PSD.
7. **Plates are not designed to hold air tanks.**
