## COSMEDIC

Wrinkle relaxer injections are an extremely safe and effective method of softening or eliminating facial lines and wrinkles, creating a natural, rejuvenated appearance. Dermal fillers are used to replace volume loss which has occurred due to the aging process and used to enhance the contours of the face.

<b>Wrinkle Relaxers</b>	<b>\$15 per unit</b>
<b>Dermal Filler</b>	<b>From \$600</b>
<b>Lips</b>	<b>From \$250</b>

## NATUROPATHIC

We recognise that many skin conditions arise from internal imbalance. In fact, our skin is often the first clue that we have to our overall health and vitality.

Naturopathic consultations are designed to establish the underlying causative factors and triggers. Long-term and chronic issues are usually due to: Hormonal imbalances, Stress, Nutritional Deficiencies, Gut Health and Inflammatory Conditions (such as thyroid and other autoimmune disorders).

Stress and Gut Health have a direct link and impact the function and appearance of our skin. Healthy inside = Healthy outside

## PH SKIN REVISION – ALKALINE TREATMENT + ENZYME THERAPY

A unique treatment which takes the skins' pH to the alkaline end of the pH scale (pH14). DMK research has shown that alkalisng an area of pigmentation allows the DMK products that inhibit pigment, to work much faster than if an acid was used. (pH Skin Revision softens, swells and dissolves proteins, ie: pigmented skin, hardened skin, scars and hair).
