

PROGRAM ANNOUNCEMENT

Wednesday, 15 January 2020

2019 Annual Meeting and January Program

*Join us for a brief 2019 SDRAN recap
immediately followed by the open forum discussion entitled:*

How to transition into regulatory affairs and successful regulatory professional insights

Moderator: Christine Federovitch, Ph.D., RAC

Date: Wednesday, 15 January 2020

Time*: 5:00 – 5:30 pm: Registration, Networking, & Light Snacks
5:35 – 5:40 pm: Welcome - Christine Federovitch & Erica Livingston
5:45 – 6:00 pm: Annual Meeting
6:00 – 6:20 pm: Regulatory Career Opening Presentation, Allison Aguirre
6:20 – 7:30 pm: Open Forum Discussion, Moderator, Christine Federovitch

*Times are approximate.

Open Forum or "Aquarium" discussion:

Join us for an exciting new meeting format where RA leaders kick off a series of deep discussions on how people can transition into regulatory affairs and share some tips on how to be a successful regulatory professional. Attendees in the audience gaze into the fishbowl - in the SDRAN aquarium - listening and learning while these lively and insightful discussions ensue. Audience members may "tap in" and join the discussion. When a new person enters the discussion, someone else leaves and the conversation picks up again - with a new perspective added or a shift of the lens.

The facilitated discussion will address the following questions:

1. What skills (translatable skills and soft skills) do you need to be successful in Regulatory?
2. How to get into the career of Regulatory Affairs?
3. What are the hiring trends and future outlook of the profession?
4. How to maintain the work life balance as a regulatory professional?
5. How to keep up with the latest development in the regulatory field?
6. How to advance your career as a regulatory professional?

To register for the meeting, click on this [link](#) to access the SDRAN registration system (123Signup) for this event.

Location: UCSD Extension (directions can be found at the end of this flyer)
University City Center
6256 Greenwich Drive
San Diego, CA 92122

Biographies:

Allison Aguirre is a San Diego local who attended Torrey Pines High School. Graduated this summer from University of California, Santa Barbara with a major in Communications and minor in Professional Writing. Alison began working at Real Life Sciences in August, where she recruits for regulatory affairs. Her areas of expertise include regulatory strategy, CMC, and regulatory writing.

Christine Federovitch is an active Board Member of SDRAN, having served on the Board in multiple roles. Her most recent role in 2019 was to serve as President. Christine Federovitch, PhD, RAC, has over 10 years of Pharmaceutical and Medical Device experience with varied roles in Program and Clinical Trial Management, Alliance Management, Business Development and Operations. In her recent role with Navigate BioPharma Services Inc., a Novartis subsidiary, Christine leads the Operational Excellence program in addition to leading the Manufacturing and Laboratory Operations departments. She has contributed to several companion diagnostic partnerships focused on oncology biomarkers, in various pre-submission meetings with the FDA, preparation of manufacturing modules for PMA submission and CE marking, as well as PAIs. Christine received her Doctorate in Biology from University of California, San Diego and her Baccalaureate in Biochemistry from the University of Nevada, Reno. She also earned her US RAC credentials from RAPS in 2010.
