

Contract # HHSN316201500063W

The [Chief Information Officer - Commodities and Solutions \(CIO-CS\)](#) is a Government-Wide Acquisition Contract (GWAC) Indefinite Quantity/Indefinite Quantity (IDIQ) five (5) year contract with a five (5) year optional period intended to support the full range of IT needs across the federal government. Its scope includes the procurement of health and biomedical-related IT commodities and solutions to meet scientific, health, operational, administrative, managerial, and information management requirements.

While the CIO-CS contract has an emphasis on agencies like the National Institutes of Health (NIH) and its parent, Health and Human Services (HHS), any duly warranted contracting officer, in good standing with the appropriate contracting officer, is authorized to issue delivery orders under this contract.

The CIO-CS GWAC provides a procurement mechanism for IT commodities and solutions in the areas of:

- Healthcare
- Biomedical
- Clinical & biological research
- Life sciences
- Security
- Telecommunications
- Desktop applications
- And other IT infrastructure applications

[Marshall Communications Corporation](#) (MARSHALL) was chosen as a prime contractor awardee under CIO-CS in April 2015. We provide high quality IT network communications and multimedia networking solutions, including full turnkey systems engineering and integration utilizing COTS to DOD and non-DOD Agencies. We specialize in delivering end-to-end solutions in standards-based, open architecture systems and IT product solutions that are cost effective and promote quality of service and reliability. MARSHALL also has the complete infrastructure to support IT product installation, product maintenance, configuration, logistic support, training and engineering services.

Our commitment and support focuses on the following:

- Maintain a product/services catalog based on customer requirements;
 - Focus on CIO-CS acquisition objectives;
 - Commitment to remain engaged throughout the acquisition cycle;
 - Maintain a high level focus on customer/technical support;
 - Commitment to prompt customer issue resolution;
 - Commitment to passing along savings as the price of technology reduces;
 - Maintain vendor relations and make available benefits of relevant products to the CIO-CS Community;
 - Commitment to attend and participate in industry and government forums; and
 - Commitment to provide feedback on product life cycle and provide replacements, as appropriate.
-

CIO-CS ORDERING INFORMATION:

The [Electronic Government Ordering System \(e-GOS\)](#) is a secure, web-based delivery order system developed by NITAAC. It allows customers to perform Fair Opportunity in accordance with [FAR 16.5](#) and to integrate workflow management, e-doc management, as well as customer relationship management.

e-GOS enables Customers to easily:

- Perform Labor Rate searches
- Submit a Request for Proposal (RFP)
- Submit a Draft RFP
- Submit a Request for Information (RFI)
- Post Sources Sought Notifications
- Post Special Notices

If you are an existing e-GOS user, or would like to create an account, please click [here](#) to log-in.

CONTACT INFORMATION:

To obtain a quote for hardware, software, or services it is highly recommended that [e-GOS](#) be utilized. If you have questions regarding an order, need troubleshooting assistance, or can't find a particular product in our catalog, please contact MARSHALL using the contact information below.
