Readmission Plan

Attach a separate type written document addressing the following elements to create your plan.

- Personal reflection focused on factors contributing to inability to progress.
- A plan to retake any course for which less than 'B-' is earned.
- A plan to maintain clinical competence (ATI skills modules, job in health care, etc.) until re-entry into the program.
- A plan to enhance academic proficiency (ATI learning modules, ATI nurse logic and learning systems modules, ATI pharmacology made easy modules, course reading plan, regular meetings with assigned faculty advisor or faculty mentor, etc.) until re-entry into the program.
- A plan to update the assigned faculty advisor on clinical competency and academic progress.
