

WAY OF THE
WARRIOR HEALER

INDIGENOUS PLANT MEDICINE & OTHERWORLD MAGIC

A 9 module graduated path to becoming a contemporary healer with the wisdom, plant medicine and magic of the ancients.

Starting April 2020

This course will take you through a series of initiations and inner processes of transformation for you to emerge standing in your true power as a medicine person and guardian of the Earth. Inner wisdom comes from the level of the soul and the truth of our existence will only emerge through making the soul conscious, by uniting the higher and lower minds and moving our perceptions into multidimensional realms. To be a true healer, ready to work with the powerful forces of our modern age takes inner strength, a pure energy field, integrity and a focused mind. On the journey you will learn to cultivate these directly from our own indigenous plants and trees, they will be your trusted guides into the shadow and into the eternal light.

This is a graduated path of 9 modules that will build your team of plant spirit allies around the medicine wheel with the tree of eternity, the Yew, at the centre. Each module and plant will take you through the chakra system and deeper into the planes of existence necessary for you to become an effective healer. You will learn the principles of white magic and work from the plane of the soul, outside of the dimension of karma, to cultivate a clear hollow bone for spiritual forces to be brought into manifestation. You will undertake plant diets, initiations and profound inner work to allow your authentic self to arise in strength, balance & wisdom.

Through a combination of teachings from our Celtic Shamanic traditions as well as the wisdom of our Kichwa Amazonian brothers and sisters, Plant Spirit Healing, Geomancy, Wisdom Tradition philosophy and the Esoterics of Nature, you will be shown a new way of living in co-creation with mother earth and discover who you truly are and why you are here at this point in time.

To assist your journey you will receive a personal Vedic Numerology reading with a true adept, detailing the spiritual and karmic energies you were born with and therefore a roadmap of how to direct your focus for the training.

We will also be inviting some guest teachers to the course to sprinkle an extra topping of magic into your journey!

You will finish the course as an embodied medicine wheel in soul consciousness, with the metaphysical understanding to navigate hyperdimensional realities, with a clear understanding of the psychic arts and with a fellowship of plant spirit allies ready to be a warrior healer or any guardian of the Earth.

EMMA FARRELL

Emma has trained with master energy healers in the Himalayas and spent five years learning from one of the world's leading plant spirit healers, Pam Montgomery and is a certified plant spirit healer. Emma also spent 5 months in the Ecuadorian Amazon with Kichwa elder and shaman Kurikindi, his mother and sister learning a unique form of shamanic healing and receiving initiations into their Sacred Tobacco & Jaguar lineages. She is one of the first people to be initiated into the Yew Mysteries for hundreds of years, brought to the modern era by Michael Dunning. She has studied Geomancy with Dr Patrick MacManaway and Celtic Shamanic Healing with David Leesley, High Chief Iarueri Rawi.

Emma & her husband Davyd are the founders of Plant Consciousness, the ground-breaking London event about the conscious intelligent world of plants and trees. Much of their understanding of the healing process comes from years of their own inner work into childhood, ancestral and soul traumas. Combined with a daily practice they have gone to the depths of their souls to make awakening an embodied process and uncover the truth of their existence.

Emma also holds a practicing Master's Degree in 'The Preservation & Development Of Wisdom Culture & The Art Of Liberation' in the Tibetan Buddhist Mahayana Tradition, writing her thesis on 'Understanding The Nature Of The Self Through Lucid Dreaming'. Emma spent 2 years at the Lama Tsongkhapa Institute in Tuscany studying under lamas and geshees including her refuge lama, Dagri Rinpoche.

DAVYD FARRELL

Davyd comes from a strong Celtic background with ancestry from both Cornwall and Ireland. This connection forms an essential part of his healing practice. After a powerful wake up in Egypt in 2010 he then spent 3 years studying Tibetan Buddhism in first India and then at a semi-monastic centre in Tuscany. He has taking teachings, transmissions and empowerments from; HH Dalai Lama, Dagri Rinpoche, Chamtrul Rinpoche and Tenzin Wangyal Rinpoche. After living overseas for 15 years a powerful experience with teacher plant medicine called him back to his homeland and so began a journey deep into the world of plants. Since then he has spent 5 years studying under herbalist and plant spirit healer Pam Montgomery and is now a certified Plant Spirit Healer. He also completed a 2 yr apprenticeship in Ireland with herbalist and plant diet initiator Carole Guyett.

In addition, 4 years was also spent studying the Yew Mysteries with Yew Shaman Michael Dunning, Geomancy with Dr Patrick MacManaway, Druidry at the Bardic level with OBOD, plus Celtic Shamanic Healing with David Leesley.

In 2017 he joined Kichwa Elder Kurikindi for a 5 month training period in Ecuador during which time he learnt Amazonian shamanism and how to work with the 3 core plants of the Kichwa tradition; Tobacco, Guayusa and Ayahuasca.
