## Applications

**When are application deadlines?** Non-binding rolling admissions process. Belmont makes acceptance decisions as the completed applications come in. Decision notification starts Sept 1st. The earlier you apply the better the chance of you getting accepted. It's usually only a couple weeks from the time you turn in your fully completed application (with SAT scores, transcript, etc.) until the time you find out whether you've been accepted. If you are not accepted you are allowed to apply again the same year IF you have new information to send (such as better SAT scores or grades). May 1<sup>st</sup> is the last day to apply for Fall.

**Is an essay required for all decision options?** Yes, the Common App essay questions. There is an additional essay to be completed only by students interested in being in Belmont's Honors Program. Also, there is a final question that basically asks if there is anything the student wants to say that hasn't already been covered in the application. The recruiter said this should only be completed if there is something additional that needs to be covered and it should only be one paragraph long. The example he gave was if your grades dropped one semester because you were seriously sick during that time, this question would be a good place to explain that.

**Are letters of Recommendation required or suggested?** Letter from the guidance counselor is all that is required.

**Is an in-person interview required or suggested?** Music majors have auditions

**Does the school use the Common App?** Yes. **How much is the application fee?** \$50

- Student/faculty ratio is 13:1
- Average class size is 20 students
