**Being Salt and Light to the community we love**

Pastors UNITED For Life - Saturday, October 7, 2017 10 AM STARTS AT CITY HALL

If we are united under  
the banner of truth, then  
who can stop us?

---

## GRAB YOUR CHURCH MEMBERS AND ACTIVATE THEM

I have gone to church all my life and I started to notice a few changes. Our church became more and more clique oriented. It was this group and that group, it was bunko parties and bowling leagues. Trips to the beach for the youth groups and the occasional mission trip. The **in-reach** was great, but the **out-reach** was lacking luster.

We felt comfortable with our friends and family, but going to the highways and byways, well that was another story. Never once did a pastor rise up our church and have us get into the community. We were always taught to bring the community to the church...

Needless to say, there was a lack of church fulfillment. The leaders over the years little by little touched less and less on the tough social issues, while more and more became a community center where we came to enjoy ourselves. Oh there was an occasional message that brushed upon the great commission, but we were taught that with proper fund raising, we could really achieve great things.

I began to slowly loose respect for the men in our church. I found the apathy found in our men in church was in conflict with the courageous men in the Bible. Yes, the Bible stories also touch the normal feelings of fear, but the men overcame this fear such as Moses to become great leaders moving forward in faith among the adversity we face.

### **Have we lost our saltiness? Are we being trampled upon?**

Have we become comfortable? Apathetic? Have we lost our saltiness? How can we energize the men and women in our churches? WE PUT THEM IN THE FIELD! A shepherd brings his sheep into the field!!! The sheep are happier when they are not always in the pen. Take the sheep out and help them become spirit filled leaders in their communities! Lets show Pomona, that the body of Christ is alive and well, regardless of what our enemy shoots at us. Don't let doubt, fear, politics, or the minutia of the church hinder Gods work locally.

# RISE UP OH CHURCH AND MARCH FOR LIFE

**SATURDAY OCTOBER 7th  
AT 10AM**

**Meet at the Pomona City  
Hall**

**Bring your signs! Please be  
family safe signs, such as  
SHUT DOWN PLANNED  
PARENTHOOD  
OR LIFE BEGINS AT**
