Vocal Range D5 - G2

Introduction

I cut my teeth as a theatre artist in the small but dedicated artistic communities of Casper and Laramie, WY. While attending Casper College I co-founded the group Theatre of the Poor, which performed classical and experimental works. I served as board president of TotP from 2018 until 2020 when I moved to Laramie, WY. There I took on an apprenticeship at Relative Theatrics where I gained experience backstage as a production assistant, as well as running sound and props. During my time in Laramie, I organized several independent productions and variety shows. Apart from theatre, I play guitar in several bands and have toured across the country a handful of times. Since moving to Denton, I have done two shows with different companies and I would love to become more involved in the underground/avante guard theater scene in DFW.
