Cupcake Bouquets

Bake and decorate cupcakes as well as arrange them into a beautiful bouquet before guests arrive or wait until the day of your party to create a scrumptious cupcake bouquet with all of your guests!

Poppy & Posie-Corn

A Blossom Birthday

TRADITION

Your birthday is a celebration of YOU! It is a special day to look back upon how much you have blossomed through the years as well as look forward to all that life has in store for you!

But, it is also the perfect day to celebrate others, too, such as family, friends, your community, or those in need.

So, before making your wish on your big day, consider both of Poppy & Posie's favorite ways to share their birthday joy with others:

1 Have everyone at your party join in the wish-making fun by sharing your wish with family and friends!

2 Make a wish that is meaningful to you and keeps others in mind. Then, take action and make it happen! Whether it be to have a community garden or be able to share your toys with other children, turning your wish into action will allow you to make your community and the world a kinder and more wonderful, colorful place!

Then...
Dig in!!!
