

Easter Egg Petal Flower Craft

Inspired by "The Blossom Shoppe", an award-winning picture book

Make this Easter BLOSSOM with this special craft inspired by "The Blossom Shoppe", which features a DIY Easter egg petal flower that "grows" from an Easter candy filled flowerpot. As your little sprout designs and creates their own one-of-a-kind Easter egg petal flower, they will be inspired to be creative, imaginative, and to think outside the flowerpot.

As Poppy and Posie Blossom say, flowers are the perfect gifts to share and this flower is no different! This Easter egg petal flower craft is the perfect gift to give to those you love this Easter and can be enjoyed by children and adults alike. So pick up some markers, scissors, and glue and let's show the world just what a flower can do!
