

Do Now expectations:

Please read these directions before beginning the Do Now.

Silently read the survey, **but do not fill in anything** until after we have discussed it as a class.

Thank you!

Multiple Gifts Survey

Would anybody like to read the directions?

Answer honestly, don't over think the questions

My example:

Section 1

___ Taking notes helps me remember and understand

___ I enjoy reading books and magazines

___ I enjoy public speaking and presenting

___ TOTAL for Section 1

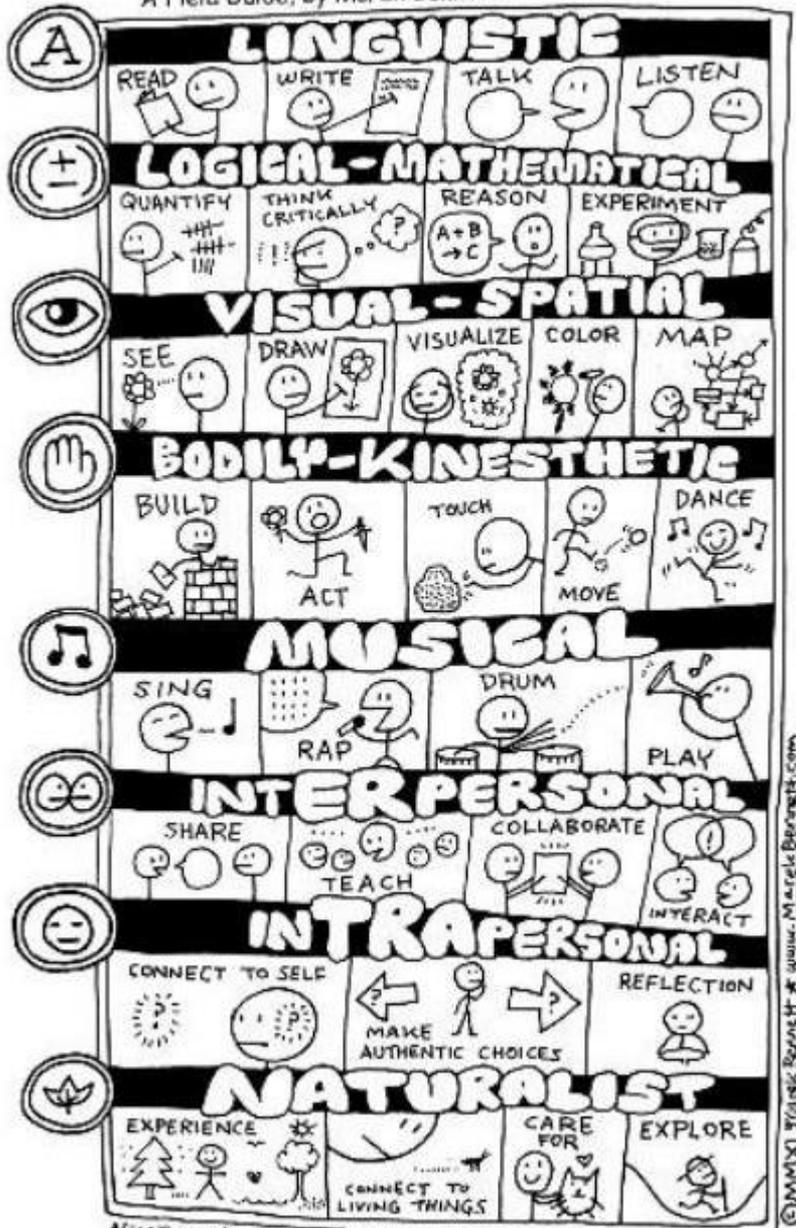

Howard Gardner, a psychologist and professor at Harvard proposed his theory of multiple intelligence in 1983.

“ An intelligence is the ability to solve problems, or to create products, that are valued within one or more cultural settings. ”

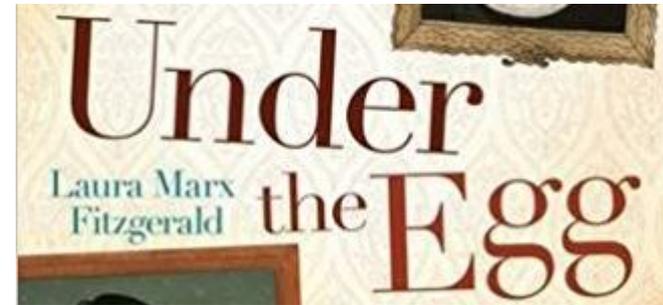

— Howard Gardner

- This inventory is meant as a snapshot in time - it can change.
- MI is meant to empower, not label learners.

Multiple Gifts

Do you think a team of people, each gifted in different areas, would make an effective problem solving group? Why or why not?

The point of all this is...

- We each have a unique combination of gifts waiting to be discovered.
- Each of us has the potential to develop and make the most of all eight gifts.
- We will **appreciate** each other's different gifts and **support** each other in this classroom.

Classroom Rule #1

Support each other

Classroom Rule #1

Support each other

What does this rule mean?

How might somebody break this rule?

Examples: teasing, bullying, discouraging comments, discouraging body language

Why do we need this rule? Why is it the most important rule?

What happens if I break this rule?

Don't break
Rule # 1

I would like to review your multiple gifts surveys tonight so please hand these to your file manager.

File managers, please turn these in to the back of the team file.
