Supporting Paul Clement's Legacy of Helping Others

My son Paul was passionately working with me on plans for the first recovery home for Rockland Recovery Homes, Inc., a non-profit organization recently established with the mission to support persons in recovery from addiction, by improving their access to safe, stable residences, along with providing them with peer and community support. As Paul and our family have experienced first-hand, for those suffering from this disease, support of this nature is greatly lacking and is desperately needed so that lives may be saved and so other families can avoid this heartbreak.

Paul died March 17th. With the support of the community, his family hopes to dedicate and name the first Rockland Recovery residence "Paul's Place". Donations may be sent to Rockland Recovery Homes, Inc, 4 Timmel Lane, Stony Point, NY 10980. In the future, you'll find additional information at www.rocklandrecoveryhomes.org.
