Sight  9 out of 9

Subjects

- c Math c Science c Literacy c Art c Music
- c Physical c Speech  Occupational c O&M
- c Technology  Independence c Social/Community

Extended Activities & Add-On Products

1. Try tracking progress for time spent actively playing with the puzzle board and completing each piece independently (Use our [Timed Activity Data Tracking Sheet](#))

Interest Level & Ability to Progress with Child

The different pieces each have a varying level of complexity, ranging from a 1-step snap to a belt buckle requiring multiple steps and manipulation of several pieces.

Adaptation Notes:

Add textured paint to: the zipper to help kids more easily located the “bottom” of the zipper; identify where to place fingers on the plastic buckle piece; the outer portion of the button hole to find it more easily.

Trace the bear graphic with glitter glue to create a tactile picture.

Health/Eco Concerns

Wooden Base & Pieces, Fabric, Plastic, Metal. ***Small Parts***
